BLOCK 14. (SF 30) DESCRIPTION OF AMENDMENT/MODIFICATION (Continued)

NOTE (S):

1. The above listed items are a composite of the supplies/products and estimated quantities for the delivery period of this solicitation. Offers should be made for the individual line items and quantities listed on the following page(s).
2. All estimated quantities represent approximately two (2)-year quantities. Offers per line item must be for the total quantity solicited for the entire period. Any resultant contract shall be a requirements type contract per Clause I84 - REQUIREMENTS.
3. The item schedule contains several alternate fuel requirement line items. DESC is procuring for both Gasohol (annotated by the Suffix -26 or -28). These are "either/or" requirements; therefore only one product will be awarded. Award will be made for the product representing the lowest overall cost to the Government. See Clause M63.01 – EVALUATION OF OFFERS FOR ALTERNATE PRODUCT (PC&S) for evaluation method.
4. Offerors are also advised that there is one alternate delivery requirement (Line Item 001) for either FOB-ORIGIN delivery or FOB-DESTINATION delivery.
5. Offerors are cautioned to ensure the item numbers and the product/delivery mode in which they wish to offeror on correspond with one another.
6. In the event of an emergency during non-duty hours (nights, holidays, weekends), please contact the Operations Center, Contingency Plans and Operations Division (DESC-DL) at (703) 767-8420.
7. Please note that all anticipated contracts as a result of this RFP shall have an Ordering Period of Date of Award through 31 December 2002.
