1. The referenced solicitation is hereby amended to incorporate Clause M2.13.100, Evaluation of Offers (Multiyear COCO Storage) (DESC May 2004) in its entirety as follows:

M2.13.100 EVALUATION OF OFFERS (MULTIYEAR COCO STORAGE) (DESC MAY 2004)

(a) All offers will be evaluated on price, past performance, and relocation cost. These three factors are equal in importance. Award will be made to the offeror who represents the best value combination of price, past performance, and relocation cost.

(b) **PRICE.** The low multiyear offer will be determined by computing the total cost to the Government for five years of service. This will be accomplished by adding-

(1) The monthly service charge offered in Line Item 1001 of the Schedule multiplied by 60;
(2) The estimated excess throughput charge for five years (Line Item 1002 excess throughput rate multiplied by 3,000,000 barrels*).

(c) **PAST PERFORMANCE.**

(1) The Government will evaluate the offeror's past performance. In doing this, the Government may consider information in the offeror's proposal and information obtained from other sources, including past and present customers and their employees, subcontractors, and any others who may have useful information. Offerors lacking relevant past performance history shall receive a neutral evaluation for past performance.

(2) A record of acceptable past performance will not result in a favorable assessment of an otherwise unacceptable proposal.

(3) Proposals may be rated differently within each category, i.e., two proposals may receive an exceptional rating, but one may be more exceptional than the other.

(d) **RELOCATION COST.**

Offers will be evaluated by adding to the total price offered as described in (b) above, the cost of moving approximately 2,000,000 bbls of Government-owned petroleum product from the current Jebel Ali facility to the offeror's facility.

*This five year estimated excess throughput quantity will be used for evaluation purposes only.

2. All other terms and conditions remains unchanged and in full force and effect.
