**B25.04.100 ECONOMIC PRICE ADJUSTMENT FOR TRANSPORTATION (AFGHANISTAN/PAKISTAN)
(DESC SEP 2003)**

(a) The price of product under this clause is inclusive of transportation charges from point of shipment to destination. The transportation component of the price is _____ cents per gallon. This transportation component of the price shall be subject to adjustment based upon Government approved cartage rate changes. The cartage rate changes are published quarterly by the Transport and Logistics Sub-Committee of the Oil Companies Advisory Committee (OPAC) of the Government of Pakistan.

(b) The amount of the adjustment will be calculated by multiplying the transportation component of the price by the cartage rate increase or decrease and then adding or subtracting this amount from the contract price.

A sample calculation for a cartage rate increase is given below:

Price of Product:	\$1.00 per gallon
Transportation component of the price included in the award price	\$.10 per gallon
Cartage rate increase for November, 2003	1.5%
Multiple transportation component by cartage rate increase for amount of price change	$.10 \times .015 = \$.0015$
Add amount of price change to the contract price of product	$\$1.00 + \$.0015 = \$1.0015$

(c) The Contractor shall provide the Contracting Officer a written copy of the OPAC change in the cartage rate. The contract price shall be adjusted upward or downward as of the date of the quarterly cartage rate. The award price reflects, the cartage rate changes for the latest quarter, issued September 10, 2003. Thus, the first increase in the price due to change in the cartage rates should occur in November or December 2003.

(d) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT.** For the purpose of determining when a ceiling is reached, both the ECONOMIC PRICE ADJUSTMENT clause and this clause will be considered together.

(e) The Contractor warrants that to the extent adjustment is provided for contingencies in transportation, allowances for such contingencies are not included in the award price.

**M25.05.100 EVALUATION OF OFFERS INVOLVING F.O.B. TANK TRUCK DELIVERIES (BULK) (AFGHANISTAN/PAKISTAN)
(DESC SEP 2003)**

(a) The Government will award f.o.b. destination contracts under this solicitation for **JP8/MG6** based on the overall lowest laid-down cost for the entire program. In order to maintain operational readiness, no one refinery source will be awarded all of the product required under this solicitation. The same contractor can be awarded the entire volume so long as the conditions regarding the refinery source described below are met.

(b) The division of the awards for **JP8 only** will be on the following basis:

(1) Successful refinery source must win the entire requirement for any one location. The Government will not make an award to two refinery sources to support the same location.

(2) The successful refinery source for the Bagram, Afghanistan, requirement will not be considered for award for the Kandahar, Afghanistan, or Shamsi, Pakistan, requirements.

(3) The successful refinery source(s) for the Kandahar, Afghanistan and Shamsi, Pakistan, requirements will not be considered for award for the Bagram, Afghanistan, requirement.

(c) The contractor is required to use the same refinery sources during the life of the contract unless the contracting officer authorizes another source.
