Hard copy (paper) price change notifications are no longer issued by DESC. Price changes are accessible through the World Wide Web. You may access our web page at <http://www.desc.dla.mil/>. Go to “Doing Business with DESC” click and follow the screens. If your Internet access is down or if you are otherwise unable to obtain your contract information or prices, you may call Dianne Lyles at 703-767-9539. The DESC Help Desk is 1800-446-4950. Hard copies of this bulletin will not be issued. In addition, much of the information formally found in the Bulletin has been included in DESC’s Contract Information System (CIS). The CIS can be accessed at our web page and it includes information on all contracts. All Contract Clauses and Bulletins are now located in the Contract Bulletin to make them easier to find and reference.

All items that have been awarded are posted to the CIS. If a contract number is not listed for a particular item, it has not been awarded and will show up on the CIS as “Pending”.

**1. GENERAL INSTRUCTIONS (DESC JUN 1997)**

(a) The prices in this Bulletin have been verified with the contracts listed; the original contracts have been executed by both the Government and the Contractor. The use of this Bulletin for disbursing and inspection is hereby authorized. Activities having DESC funded items (reference Bulletin clause entitled PRICE CHANGES) need not contact DESC-PLB for price changes to these items. The basic contract unit price shall be used when ordering a DESC funded item.

(b) Copies of contracts listed in this Bulletin are **NOT** available for distribution.

(c) All contracts listed herein contain all clauses in this Bulletin.

(d) The use of this Bulletin is mandatory upon all activities listed herein.

(e) Inquiries and general correspondence.

(1) All inquiries and general correspondence (except Army) relating to postaward Contractor performance, price changes, or payment in accordance with the terms and conditions of the contract shall be forwarded directly to Defense Energy Support Center, ATTN: DESC-PLB, 8725 John J. Kingman Road, Fort Belvoir, VA 22060-6222. Military activities shall also forward an information copy to the appropriate office listed in paragraph (2) below; DESC-PLB replies will also include information copy to the same office.

(2) All other inquiries and correspondence shall be sent through channels to the following offices:

**Army:** All Army inquiries relating to postaward Contractor performance, price changes, or payment in accordance with the terms and conditions of the contracts shall be forwarded to Commander, U.S. Army Petroleum Center, ATTN: SATPC-L, New Cumberland Army Depot, New Cumberland, PA 17070-5008, with information copy to DESC-PLB.

**Navy & Marines:** DESC-PLB, 8725 John J. Kingman Road, Fort Belvoir, VA 22060-6222.

**Air Force:** Det 29, SA-ALC/SFRF (AFMC), Fort Belvoir, VA 22060-6222.

**2. PENDING AND TERMINATED ITEMS (DESC JUN 1997)**

(a) Wherever PENDING appears opposite any item number listed in the Contract Bulletin, and the activities have an immediate requirement for product--

(1) Army and Air Force activities shall contact their Service Control Point (SCP), who will contact DESC-PLB.

(2) Navy and DoD activities shall contact DESC-PLB directly at the telephone number indicated on page 1 of the Contract Bulletin. Federal/Civilian activities have immediate authority to locally purchase PENDING item requirements until notified that a DESC contract has been awarded. Until such time as contractual sources are established by DESC, the following procedures apply for PENDING items:

(i) When an item is listed in the bulletin or a supplement as PENDING, DESC shall acquire all DoD interim requirements on an as-needed basis for a period not to exceed 90 days, or until contractual sources are established.

(ii) If notification of a DESC contractual source for remaining PENDING items is not received within the 90-day period, DESC will evaluate the situation and take one of the following actions:

(A) The activity will be notified that an annual contractual source cannot be obtained and DESC will continue to purchase DoD requirements on an as-needed basis throughout the ordering period; or

(B) DESC, at its option, may grant Local Purchase Authority for the remaining PENDING items through the end of the ordering period.

(b) Wherever TERMINATED appears opposite any item number listed in the Contract Bulletin Supplement, DESC will attempt to repurchase the terminated quantity. At the earliest possible date after an item is terminated, DESC-PLB shall be contacted at the telephone number indicated on page 1 of the Contract Bulletin, for procurement of interim requirements, on an as-needed basis, until DESC awards a contract for the duration of the ordering period. Army and Air Force activities will process their requirements through their SCP.

**3. ORDERS (DESC SEP 1996)**

(a) Orders should be--

FORT BELVOIR VA 22060-6222

within two working days of executing the order. All orders for DESC-funded line items must be entered into the Defense Fuel Automated Management System (DFAMS) by the Defense Fuel Inventory Management Division (DESC-FII). DESC-FII's commercial telephone numbers are (703) 767-9390/9493 or DSN 427-9390/9493 and commercial facsimile numbers are (703) 767-9380/or DSN 427-9380/9397.

(c) Blanket orders for large quantities are not recommended but may be issued provided that--

(d) Modifications are required if the receipt quantity exceeds the allowable variation in quantity percentage stated in the VARIATION IN QUANTITY clause.

(e) Modifications to any order must also be submitted to DESC-FII for input into DFAMS.

(f) For **Degree Day and Automatic Fill items ordering procedures**, see the DEGREE DAY SYSTEM PROVISIONS and AUTOMATIC FILL-UP PROVISIONS contract clauses, respectively.

**4. ORDERING MOTOR GASOLINE (DESC FEB 1991)**

When ordering motor gasoline under this Bulletin, the Ordering Officer shall specify on the delivery order whether the gasoline being ordered is Unleaded, Midgrade, or Leaded Gasoline as determined by the award information shown in this Bulletin. Additionally, the same information shall be given to the Contractor by the Ordering Officer in any delivery order placed by telephone and then confirmed in the delivery order.

**5. APPROPRIATION DATA (DESC FEB 1991)**

(a) All contracts listed in this Bulletin are requirements type contracts. Your attention is invited to the REQUIREMENTS and DELIVERY-ORDER LIMITATIONS clauses.

(b) All contracts listed in this Bulletin for CONUS delivery for Army, Air Force, Navy, Marine Corps, and other DoD (except stand-by items) are funded by Defense Energy Support Center (DESC) and all orders (DD Form 1155, Order for Supplies or Services) placed against these contracts will cite DESC's fund citation. All other contracts listed in this Bulletin have not been funded by DESC.

(c) Account for which material is ordered will determine the appropriation or fund to be charged for the cost of the material in each case. The appropriation or fund and submission of invoice instructions as contained elsewhere in this contract and as applicable in each case will be conspicuously shown on each order issued hereunder.

**6. INSPECTION AND ACCEPTANCE (DESC JUN 1997)**

(a) INSPECTION.

(1) Government inspection, with the exception of aviation fuels and water-borne transportation (barge), will be performed by the receiving activity at the point of acceptance. Such inspection will normally be for identity and quantity. If there is evidence that deliveries are not in conformance with the contract, assistance, if required, should be solicited from the Service Inventory Control Point as follows:

The cognizant DCMA office, upon notification by the Contracting Officer, will then become the office responsible for inspection at the origin loading or filling point. If the receiving activity at any time suspects that deliveries of less than contract quality or quantity are intentionally being made, the Contracting Officer shall be immediately notified by writing Defense Energy Support Center, ATTN: DESC-PLB, 8725 John J. Kingman Road, Fort Belvoir, VA 22060-6222, or calling 703-767-9551/9554 (DSN: 427-951/9554).

(3) Government inspection of aviation fuels will be performed at the location where the loading or filling takes place by the Field Inspection Office cognizant at such location.

(b) ACCEPTANCE. Acceptance by the Government of supplies ordered and furnished shall be at f.o.b. point.

**7. PROCESSING RECEIPT DOCUMENTS (DESC JUL 2000)**

**(a) DOD Agencies.**

(1) Army, Navy, Marine Corps, and other DoD components (excluding Air Force, except for capitalized items - see (b) below) that are part of the Single Point Payment Program for PC&S Petroleum Contracts are subject to Nav Comp 700.42 (Navy and Marine Corps) and USAPC (formerly USAGMPA) letter of instruction dated December 11, 1987 (Army, Corps of Engineers, National Guard). Questions or inquiries concerning these instructions should be directed to the appropriate activity (NAV PET, USAPC, DESC).

(2) **Noncapitalized Items.** Within two working days of receipt of product, receiving activities shall transmit a copy of the appropriate DD Form 1155, DD Form 250, DD Form 250-1 (for barge deliveries only), or SF 1449 to the below address for input into the Defense Fuel Automated Management System (DFAMS). DFAMS is the accounting system utilized to process Posts, Camps, and Stations (PC&S) fuel orders, shipments, and receipts and is also the system that initiates the billing process through the Defense Finance and Accounting Service, Columbus Center (DFAS-CO), for all DoD Agencies (except Air Force) and capitalized items (including Air Force capitalized items).

(5) Modifications to any of the above listed documents must also be submitted to DESC-FII for input into DFAMS.

(6) The Contractor is responsible for preparation of the receiving report (DD Form 250-1) for barge deliveries. **(b) Air Force and Federal Agencies.**

(1) Within two working days of receipt of product, receiving activities shall transmit a copy of the appropriate DD Form 1155, DD Form 250, DD 250-1 (for barge deliveries only), or SF 1449 to the paying office stated on the delivery order.

**8. PRICE CHANGES (DESC MAY 1998)**

(a) Prices shown herein are subject to escalation unless indicated as firm. In the event of any changes in prices that are subject to escalation (for other than DESC-funded items), the price changes will be included in price change supplements found on the DESC Web Page at [www.dfsc.dla.mil/main/deschome.html](http://www.dfsc.dla.mil/main/deschome.html) under "Doing Business with DESC." Other contractual information will be included in supplements as required.

(b) In those instances where a Contractor invoices at a price lower than that shown herein or in supplement hereto, payment may be made at such lower price.

(c) Payment shall be made at the price that, according to this Bulletin or supplements hereto, is in effect on the date of delivery. Payment for DESC-funded items will be in accordance with the SUBMISSION OF INVOICES FOR PAYMENT clause.

**9. FEDERAL EXCISE TAXES (DESC NOV 2001)**

(a) **MOTOR GASOLINE, GASOHOL, UNDYED DIESEL, AND UNDYED KEROSENE TAXES.** The prices listed in the Contract Information System (CIS) DO NOT include the Federal Excise Tax (FET) of \$0.184 per gallon on motor gasoline; \$0.244 per gallon on undyed diesel, biodiesel, and undyed kerosene; \$0.15379 per gallon on 5.7% gasohol; \$0.14319 per gallon on 7.7% gasohol; \$0.131 per gallon on 10% gasohol; or \$0.1305 per gallon on E85 (qualified ethanol). Certain sellers may sell fuel to the Army National Guard at nonshared facilities without the FET. DFAS Columbus will apply to the Internal Revenue Service (IRS) for all applicable refunds for Army, Air Force, Navy, Army National Guard (at nonshared facilities), and Air National Guard activities. Federal Civilian activities billed for FET on undyed diesel fuel, biodiesel, undyed kerosene, motor gasoline, gasohol, or E85 (qualified ethanol) that is used for an exempt purpose (e.g., off-highway use in a highway vehicle owned by the United States (gasoline, diesel, and E85), or use for heating or in stationary machines (diesel fuel and kerosene)) may be eligible for a refund from the IRS. IRS Form 8849 (Claim for Refund of Excise Taxes) and instructions are available on the Internet at <http://www.irs.treas.gov>.

(b) **DYED DIESEL AND DYED KEROSENE.** There is no FET on diesel fuel or kerosene that is dyed according to IRS regulations and used for heating oil, off-highway, or other tax-exempt purposes.

(c) **TAX EXEMPTION CERTIFICATES.** The procedures for requesting and processing tax exemption certificates are identified in the TAX EXEMPTION CERTIFICATES clause contained in the CIS.

(d) The ordering activity shall provide tax exemption certificates, as needed by the Contractor to comply with IRS regulations for the tax-free sale. Contractors are responsible for complying with IRS filing, processing and record retention requirements for the tax exemption certificates.

**10. DEFAULTING CONTRACTORS (DESC MAR 1992)**

(a) **PURCHASE AGAINST ACCOUNT.** Purchases cannot be made against the account of a defaulting Contractor until the Contractor's right to proceed on an individual delivery order, in default, has been formally terminated by the Government. The contractual right granted the Government, under the DEFAULT clause, to terminate such orders for default might be exercised only by the Contracting Officer. The procedures set forth below are detailed, and must be carefully followed if clear evidence of default and resultant excess costs, if any, are to be established.

(b) **REPORTS BY ORDERING OFFICERS.** When a Contractor has defaulted on deliveries under any order and the Ordering Officer considers it in the best interest of the Government to formally default the Contractor on such orders, the Ordering Officer shall report the following message to DESC with an information copy to the appropriate activity specified in paragraphs (e)(1) and (2) of Bulletin Clause 1:

ALPHA: DESC Contract number(s).

BRAVO: Item Number(s).

CHARLIE: Date written order was forwarded to Contractor.

DELTA: Probable date Contractor received written order.

ECHO: Order Number.

FOXTROT: Quantity ordered.

GOLF: Quantity, if any, actually received pursuant to such order.

HOTEL: Date delivery of quantity (in default) was to be made pursuant to order.

INDIA: Reason(s), if any, given by Contractor for the delay or non-delivery.

JULIET: Date replacement supplies are needed.

Message reports will refer to the above 10 categories by titles shown. After dispatch of such message, the ordering activity must refuse to accept any deliveries tendered on the subject order by the Contractor in default.

(c) **ACTION BY DESC.** Upon receipt of the message report from the Ordering Officer, DESC will (if advisable, based on information received) formally default the Contractor on the order(s) involved. DESC will advise the Ordering Officer that purchase action is being taken (by DESC) or that local purchase action against the Contractor's account is authorized. Since not all bulletin items are DESC-funded, the following applies to DESC-funded items only:

Whenever local purchase authority is granted by DESC and the ordering activity requires funding from DESC in the form of an obligation authority, the activity must request these funds. Funding authority should not be assumed to have been granted upon receiving authority to purchase locally. Receipt of authority from DESC-RF to cite DESC funds must be accomplished prior to ordering the product if DESC funds are to be used for the purchase.

(d) **ASSESSMENT OF EXCESS COSTS.** In order that a firm basis for assessment of excess costs against defaulting Contractors may be established, the following procedure must be strictly adhered to:

(1) Each requirement for product during the ordering period must first be ordered in writing from such defaulting Contractor.

(2) Each such order must then be formally terminated by the Contracting Officer if delivery against such order was not made.

(3) Replacement purchase orders/contracts for approximately similar quantities of the same product should be competitively solicited, whenever feasible. If competition is not obtained, the record of the purchase must be documented with appropriate justification. Purchase orders/contracts must then be issued to a new supplier. Ordering officers are reminded to be familiar with their signatory dollar limitations on repurchase actions.

(e) To provide substantiation for the excess costs to be assessed against the defaulting Contractor, it is essential that the Ordering Officer forward to DESC-PLB copies of all documentation, covering the competitive prices (or justification for single source) as quoted when soliciting under local purchase authority plus copies of all delivery orders placed with both the defaulting Contractor and the supplier who furnished the replacement product, delivery receipts under the repurchase contracts/orders, and payment vouchers. This documentation is required throughout the life of the contract for every line item default. Prompt action in furnishing this information allows the DESC contracting officer to make a proper claim that can be upheld in court if necessary. Copies of both delivery orders (with the defaulting Contractor and replacement Contractor) will also be forwarded to the appropriate activity specified in paragraph (e)(2) of Bulletin Clause 1, GENERAL INSTRUCTIONS.

#### **11. DISPUTES (DESC FEB 1995)**

Disagreements between the Contractor and the Ordering Officer or between the Contractor and the Quality Assurance Representative (QAR) should be referred to the Contracting Officer (CO) of the DESC (through the appropriate office specified in Bulletin Clause 1) for consideration under the contract Disputes clause. Each such matter referred to the CO should include a complete statement of the Ordering Officer's or the QAR's understanding of the circumstances surrounding the disagreement.

#### **12. FRAUD, WASTE, AND ABUSE (DESC FEB 1995)**

Any suspicion of wrongdoing or potential fraud should be reported to the DESC Contracting Officer or DESC Office of Counsel so that evidence can be collected against Contractors and timely investigations initiated, if appropriate. In the event you become aware of any investigation of a Contractor by criminal investigators, please advise the DESC Contracting Officer and DESC Office of Counsel. Such coordination will enable DESC to determine whether similar conduct is occurring at other locations where the Contractor may also be making deliveries.

#### **13. ASSIGNMENTS (DESC OCT 1969)**

Assignee banks will be advised at time of Contracting Officer's acknowledgment of notice of assignment that the assignee is responsible for notifying all applicable finance or disbursing officers. Such assignees also will be advised that photostat copies of the Contracting Officer's acknowledgment may be sent to such finance or disbursing officer.

#### **14. DELIVERIES/PERFORMANCE (DESC DEC 1991)**

(a) The DELIVERY CONDITIONS FOR TANK CARS, BOXCARS, TRUCKS, TRANSPORT TRUCK, TRUCK AND TRAILERS, TANK WAGONS, PIPELINE, AND LIGHTERS contract clause describes the general delivery conditions required on the Contractor. However, situations may occur during the contract period in which the Contractor may be unable to (1) meet the delivery date specified in the order and/or (2) deliver during normal delivery hours due to unusually severe weather conditions or other extenuating circumstances. If such is the case, the ordering activity may extend the delivery schedule, by amending the delivery order, to give the Contractor additional time to perform.

- (b) The ordering activity is responsible for--
  - (1) Providing the Contractor with reasonable access to the fuel tank fill pipes in order to accomplish the delivery. This includes accessibility and visibility of the fill pipes after a snowfall; and
  - (2) Maintaining tanks in a technically acceptable conditions for receipt of product.

**15 AUTOMATIC FILL-UP AND DEGREE DAY REQUIREMENTS (DESC DEC 1991)**

(a) **RESPONSIBILITIES.** Under the provisions of the Automatic Fill-Up and Degree Day Systems clauses contained in Section F of the contract--

(1) The Contractor is responsible for establishing a delivery system that will ensure that all tanks covered by such line items are never at less than 30 percent tank capacity.

(2) The activity is responsible for--

(i) Supplying the Contractor with historical data upon which these systems are based; and  
(ii) Providing the Contractor with timely notification of any changes or actions that would impact the delivery schedule. The notification should include all information necessary to revise the delivery schedule, e.g., estimated quantity changes, time periods, specific tanks/buildings. Such changes include--

- (A) Changes in requirements resulting from operational changes;
- (B) Removal of product from tanks for tank cleaning, repair, etc.;
- (C) Quantities put into tanks by other than the incumbent Contractor; and
- (D) Any action that would impact the Contractor's delivery schedule.

Failure by the activity to provide notification to the Contractor of information that may result in adverse impact on the automatic fill or degree day delivery schedule may jeopardize the Government's ability to pursue action in the event of a default or claim against the Contractor.

(b) **ORDERS.**

(1) Monthly orders for estimated quantities are required and should be placed to ensure receipt by the supplier a minimum of 48 hours in advance of the commencement of the 30 day delivery period. The Contractor is not obligated to deliver until the estimated order is received.

**16. DELIVERY CONDITIONS FOR ALL GRADES OF MOTOR GASOLINE (DESC OCT 1992)**

Activities and Contractors shall comply with all safety and environmental regulations and the delivery conditions of the contract. Failure by the Contractor to meet the requirements of any of the above stated regulations and provisions should be reported to the DESC Contracting Officer.

**17. DELIVERY CONDITIONS FOR ALL GRADES OF MOTOR GASOLINE AND AVIATION FUELS (DESC OCT 1992)**

For all truck-to-truck transfers or truck-to-drum delivery of motor gasoline or aviation fuel, guidelines provided by the National Fire Protection Association (NFPA) and the State and local safety and environmental offices shall be adhered to at all times. Activities and Contractors shall comply with all safety and environmental regulations and the delivery conditions of the contract. **18. DELIVERY CONDITIONS FOR FUEL OIL, BURNER, GRADES 4, 4(LIGHT), 5(LIGHT), 5(HEAVY), AND 6 CONTAINING USED OIL (DESC MAR 1995)**

When Grade 4 through Grade 6 Burner Oils contain used oil or other recycled petroleum products, the Contractor shall adhere to Environmental Protection Agency (EPA) specifications for used oil. This requirement is spelled out in the SPECIFICATIONS clause of the contract. The Contractor has identified such product in its bid/offer and certifies that it is in compliance with EPA specifications. Supply of the oil has received prior approval by the DESC. The Contractor is required to submit test reports validating EPA used oil standards and/or state/local requirements for all deliveries under the line items identified. These test reports should be submitted by the Contractor to the receiving activity and maintained with other delivery receipt documentation. If you do not receive the test reports from the Contractor, notify DESC as soon as possible.

**19. CONTRACTOR FUEL SPILLS ON GOVERNMENT PROPERTY (DESC AUG 1996)**

(b) An activity may schedule deliveries during rush hour times when it determines that its mission would be adversely affected by limiting deliveries to non-rush-hour periods.

**21. EPA TESTING OF UNDERGROUND TANKS (DESC JAN 1992)**

If the "volumetric" method is used for annual EPA testing of underground tanks, the "topping off" of tanks for this test is outside the scope of DESC requirements contracts.

**REQUIRED REGULATORY COMMERCIAL ITEM PROVISIONS AND CLAUSES**

**11.03-3 CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (DESC DEC 2001)**

**(a) INSPECTION/ACCEPTANCE.**

(1) The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (i) within a reasonable time after the defect was discovered or should have been discovered; and (ii) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(2) Also see the REQUESTS FOR WAIVERS AND DEVIATIONS clause in the Addendum.

(b) **ASSIGNMENT.** The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract, may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes a payment (e.g., use of the Government-wide commercial purchase card), the Contractor may not assign its right to receive payment under this contract.

(c) **CHANGES.** Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) **DISPUTES.** This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, DISPUTES, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) **DEFINITIONS.** The clause at FAR 52.202-1, DEFINITIONS, is incorporated herein by reference.

(f) **EXCUSABLE DELAYS.** The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) **INVOICE.** The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include--

- (1) Name and address of the Contractor;
- (2) Invoice date;
- (3) Contract number, contract line item number, and, if applicable, the order number;
- (4) Description, quantity, unit of measure, unit price, and extended price of the item delivered;
- (5) Shipping number and date of shipment including the bill of lading number and weight of shipment if shipped on Government bill of lading;
- (6) Terms of any prompt payment discount offered;
- (7) Name and address of official to whom payment is to be sent; and
- (8) Name, title, and phone number of person to be notified in event of defective invoice.

Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. Contractors are encouraged to assign an identification number to each invoice.

(h) **PATENT INDEMNITY.** The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) **PAYMENT.** Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. Prompt payment discount will be applied to the total amount of each invoice. If the Government makes payment by Electronic Funds Transfer (EFT), see 52.212-5(b) for the appropriate EFT clause. In the event electronic funds transfers cannot be processed, the Government retains the option to make payment under this contract by check. In connection with any discount offered for early payment, time shall be computed from the date the invoice was received. For the purposes of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the date on which an EFT was made.

11.03-3 Cont'd

(j) **RISK OF LOSS.** Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon--

The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purposes. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) **TERMINATION FOR CAUSE.** The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

In the event that a Federal, State, or local environmental requirement is more stringent than a specification contained in this contract, the Contractor shall deliver product that complies with the more stringent requirement. Product that fails to meet the more stringent requirement will be considered to be a nonconforming supply. Product(s) to be supplied shall fully meet the requirements of the applicable specification(s) as cited below.

THE FOLLOWING CLAUSE, WHEN USED IN CONUS AND ALASKA POSTS, CAMPS, AND STATIONS SOLICITATIONS, APPLIES TO PRODUCT DELIVERED BY BARGE. WHEN USED IN DOMESTIC BUNKERS SOLICITATIONS, IT APPLIES TO DISTILLATE PRODUCTS (F76, DF2, AND MGO) DELIVERED BY ALL MODES, BUT DOES NOT APPLY TO LOCATIONS IN ALASKA, PUERTO RICO, VIRGIN ISLANDS, AND AMERICAN SAMOA (PAGO PAGO).

**E4 INSPECTION AND ACCEPTANCE (DESC NOV 1991)**

(a) **INSPECTION.** When Government inspection is required, it will be performed by the Quality Representative assigned responsibility over the location where loading takes place. In order that such inspection can be accomplished, the Contractor will provide the Quality Office, upon receipt of an order, with the following information, at least 24 hours prior to delivery (5 days, if possible):

- (1) Contract number and order number;
- (2) Specification and nomenclature of product;
- (3) Date and time of shipment;
- (4) Name and location of refinery of supplies ordered and furnished;
- (5) Identity of conveyance and consignee; and
- (6) Quantity to be shipped.

(b) **ACCEPTANCE.**

- (1) Acceptance by the Government of supplies ordered and furnished shall be at origin on f.o.b. origin deliveries.
- (2) Acceptance by the Government of supplies ordered and furnished shall be at destination on f.o.b. destination

deliveries.

(c) **QUALITY OFFICES AND AREAS.** A List of Quality Offices and Areas will be furnished to successful offerors.

(DESC 52.246-9FJ1)

**E5 INSPECTION OF SUPPLIES - FIXED-PRICE (AUG 1996)**

(a) **DEFINITION. Supplies**, as used in this clause, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering supplies under this contract and shall tender to the Government, for acceptance, only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the Government during contract performance and for as long afterwards as the contract requires. The Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under the contract.

(c) The Government has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The Government shall perform inspections and tests in a manner that will not unduly delay the work. The Government assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in this contract.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the Government shall bear the expense of Government inspections or tests made at other than the Contractor's or subcontractor's premises; PROVIDED, that in case of rejection, the Government shall not be liable for any reduction in the value of inspection or test samples.

(e) (1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the additional cost of inspection or test.

(2) The Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes reinspection or retest necessary.

(f) The Government has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. The Government may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, the Government may either (1) by contract or otherwise, remove, replace, or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i) (1) If this contract provides for the performance of Government quality assurance at source, and if requested by the Government, the Contractor shall furnish advance notification of the time (i) when Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract and (ii) when the supplies will be ready for Government inspection.

(2) The Government's request shall specify the period and method of the advance notification and the Government representative to whom it shall be furnished. Requests shall not require more than 2 workdays of advance notification if the Government representative is in residence in the Contractor's plant, nor more than 7 workdays in other instances.

(j) The Government shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. Government failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability on the Government, for nonconforming supplies.

(k) Inspections and tests by the Government do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon

E5 Cont'd

between the Contractor and the Contracting Officer; PROVIDED, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the Government thereby.

(FAR 52.246-2)

**E12 POINT OF ACCEPTANCE (DESC MAY 1969)**

On f.o.b. origin deliveries, acceptance of the supplies furnished hereunder will take place at origin, notwithstanding that inspection by the Government may take place elsewhere prior to acceptance. On f.o.b. destination deliveries, acceptance of the supplies furnished hereunder will take place at destination, notwithstanding that inspection by the Government may take place elsewhere prior to acceptance.

(DESC 52.246-9FQ1)

**E18.01 INSPECTION SYSTEM (DESC DEC 1993)**

(a) Records on product supplied to the U.S. Government by the Contractor or subcontractor (including supplier) shall be kept complete and available to the Government during the performance of this contract and for such longer period as may be specified elsewhere in this contract. The Government reserves the right to perform Quality Inspection at all times and places. The Federal Acquisition Regulation requires that such records be maintained for a period of four years if this contract contains any of the following clauses: AUDIT - SEALED BIDDING; AUDIT - NEGOTIATION; or EXAMINATION OF RECORDS BY THE COMPTROLLER GENERAL.

(b) The Contractor shall furnish hereunder, from time to time, samples of each product or grade of product to be furnished under this contract at the request of, and in the manner and to the place designated by, the Quality Representative; PROVIDED, however, that in no event shall the Contractor be required to furnish during the period of this contract more than five 1-gallon samples of each product or grade of product from each facility from which such product is shipped to the Government. Such samples shall be furnished without charge to the Government and shall be packed, marked, and shipped by the Contractor, shipping expense prepaid, in containers and shipping boxes furnished by the Contractor.

(DESC 52.246-9F95)

**E35.02 REQUESTS FOR WAIVERS AND DEVIATIONS (DESC JUL 2000)**

(a) The following procedures apply to requests for specification waivers.

(1) Requests for waivers and deviations shall be submitted by the Contractor to the Contracting Officer with a copy to the Quality Representative (QR). Each request shall provide the following information: Contractor name; contract number; contract line item and product, if applicable; clause number, paragraph and subparagraph, as appropriate; the nature of the request; the reason for the request; the corrective action being taken by the Contractor to correct and prevent recurrence of the condition(s) causing the nonconformance; and equitable price adjustment offered over the administrative fee. In extraordinary situations, the Contractor may initially submit the request for a deviation or waiver through the cognizant QR to the Contracting Officer or the Contracting Officer's Representative (COR) in the Bulk Fuels Business Unit, Product Technical and Standardization Division, Defense Energy Support Center (DESC). Extraordinary situation requests shall be submitted formally to the Contracting Officer prior to close of business of the next DESC normal workday. As used in this clause, the term "extraordinary situation" means the matter cannot await resolution until the DESC normal workday (0800 to 1630 hours), Monday through Friday - Federal holidays excluded. In addition, if either the Contracting Officer or the COR cannot be reached, the Duty Officer shall be contacted and provided the necessary information to forward to the proper individuals as soon as possible. The Duty Officer's telephone number is (800) 286-7633, (703) 767-8420, or DSN 427-8420.

(2) If the waiver is granted, the contract will be modified to provide an equitable price reduction or other adequate consideration commensurate with the waiver being granted. If the situation dictates, a waiver may be granted without prior agreement on price adjustment or other consideration subject to agreement by the Contractor, or its representative, to subsequent negotiation. Such agreement shall be documented on the receiving document or other appropriate correspondence. After negotiations, failure to agree on adequate consideration shall be a dispute concerning a question of fact within the meaning of paragraph (d), Disputes, of the CONTRACT TERMS AND CONDITIONS -- COMMERCIAL ITEMS clause of this contract.

E35.02 Cont'd

(3) If the waiver is granted and the nonconforming supplies are accepted, then in no event will consideration be less than \$250 to cover administrative costs, plus any additional cost of Government inspection or tests if reinspection or retest is necessary.

(4) If the waiver is granted modifying this contract but the supplies accepted are nevertheless determined to be in conformity with contract specifications, the Contractor shall still be obligated to pay the consideration originally agreed upon in support of the waiver. If, however, this consideration exceeds \$500, a second contract modification shall be issued reducing the Contractor's obligation to \$500 (the administrative cost of issuing the two required modifications).

(b) When notification of nonconforming supplies is received after the supplies have been accepted, and the Government determines not to exercise its right to require repairs or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price under the INSPECTION OF SUPPLIES – FIXED-PRICE clause or the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause, then in no event will consideration be less than \$250 to cover administrative costs. This \$250 fee is in addition to--

(1) Consideration commensurate with the extent of nonconforming supplies; and

(2) Cost of Government inspection or tests if reinspection or retest is necessary.

The administrative fee will apply to each claim letter issued for off-specification product delivered to an activity.

(DESC 52.246-9FR1)

**E37 SOURCE RESTRICTION AND SOURCE INSPECTION (PC&S) (DESC JAN 1992)**

**(a) SOURCE RESTRICTION.**

(1) If the Contractor delivers any product that is determined to be off-specification, the Contracting Officer (CO) shall thereafter have the right, upon giving 10 days' written notice, to require the Contractor to designate a single source of supply for each destination set forth in the contract.

(2) In addition to the name of a single source of supply, the Contractor must provide the address of the terminal or loading point to be used in drawing the requirements for each item in the contract.

(3) The Contractor may change suppliers only after requesting and receiving the express written approval of the CO.

**(b) SOURCE INSPECTION.**

(1) If serious quality problems arise or if a quality problem recurs, for which the Contractor was supposed to have taken corrective action, the CO shall, in addition to Source Restriction, have the right to change the inspection point from destination to origin by advising the Contractor in writing of the change.

(2) At the time the change becomes effective--

(i) All appropriate clauses relating to origin inspection shall be incorporated into the contract for the items(s) involved;

(ii) Source Restriction, if not already in force, will be invoked for all items involved, in accordance with (a) above; and

(iii) The cognizant DCMC office, upon written notification by the CO, will become the office responsible for inspection at the origin loading or filling point and for providing necessary field assistance.

(c) Failure to provide the information requested or to take prompt corrective action may result in the item(s) and/or contract being terminated for default.

(DESC 52.246-9F55)

THE FOLLOWING CLAUSE, WHEN USED IN POSTS, CAMPS, AND STATIONS CONUS AND ALASKA SOLICITATIONS, APPLIES ONLY TO PRODUCT DELIVERED BY BARGE.

**E40 MATERIAL INSPECTION AND RECEIVING REPORT (DEC 1991)**

At the time of each delivery of supplies or services under this contract, the Contractor shall prepare and furnish to the Government a Material Inspection and Receiving Report in the manner and to the extent required by Appendix F, Material Inspection and Receiving Report, of the Defense FAR Supplement.

(DFARS 252.246-7000)

**F1.01-1 DELIVERY CONDITIONS FOR TRANSPORT TRUCKS, TRUCKS AND TRAILERS, AND TANK WAGONS  
(DESC APR 1997)**

**IMPORTANT NOTE on EPA TESTING OF UNDERGROUND TANKS.** If the "volumetric" method is used for annual EPA testing of underground tanks, the "topping off" of tanks for this test is outside the scope of DESC requirements contracts.

(a) **F.O.B. ORIGIN.** On items calling for delivery at Contractor's refinery, terminal, or bulk plant f.o.b. transport truck, truck and trailer, or tank wagon—

(1) Supplies ordered hereunder shall be delivered, at Contractor's expense, into equipment specified in the Schedule.

(2) Unless otherwise specified in the Schedule, all deliveries shall be made on the day specified in the delivery order unless otherwise authorized by the receiving activity during normal working hours of such activity, provided that the Contractor shall have received the order at least 48 hours prior to the day so specified.

(b) **F.O.B. DESTINATION.** On items calling for delivery f.o.b. destination by means of transport truck, truck and trailer, or tank wagon--

(1) The Contractor shall not be required to deliver by transport truck or truck and trailer a quantity less than a full load nor into more than one storage tank, with the following exceptions:

(i) An order placed under an item of this contract calling for delivery by transport truck of motor gasoline, fuel oil, diesel fuel, or kerosene, or, if this procurement is for Central America only, jet fuel, may require delivery of a quantity as low as 5,200 gallons whenever the activity is restricted either by a tank capacity or by a directive from receiving a larger quantity; and

(ii) Where the Schedule provides for multiple drop delivery, the Contractor may be required to deliver into more than one storage tank. Where truck and trailer is the method of delivery specified, the Contractor may, at its option, make delivery by transport truck. In the case of deliveries in Alaska, where truck and trailer or transport truck is the method of delivery specified, the Contractor may, at its option, make delivery by tank wagon.

(2) Unless otherwise specified in the Schedule, all deliveries shall be made on the day specified in the delivery order unless otherwise authorized by the receiving activity during normal working hours of such activity, provided that the Contractor shall have received the order at least 48 hours prior to the day so specified.

(3) The Contractor shall not be required to deliver by tank wagon a quantity of less than 575 liters (or 150 gallons) but, at the Government's option, may be required to deliver into more than one storage tank.

(4) When delivery is made by tank wagon, such wagon shall be equipped with pump, meter, and a minimum of 100 feet (30 meters) of hose. Where delivery is made by transport truck or truck and trailer, such delivery equipment shall be equipped with a minimum of 15 feet of hose.

(5) When delivery is made by tank wagon, transport truck, or truck and trailer to a Government facility, the Contractor shall present delivery equipment and product in such condition at destination so as to permit complete off-loading within the prescribed free time.

(6) Unless otherwise provided in the Schedule, free time for unloading trucks, transport trucks, or trucks and trailers shall be unlimited.

(7) When delivery is made by tank wagon, transport truck, or truck and trailer to a Government facility—

(i) The Contractor shall provide properly maintained delivery equipment and properly trained delivery personnel to reasonably assure that delivery can be made without damage to vegetation and asphalt pavement adjacent to storage facilities being filled. The Contractor's delivery personnel who have not exercised reasonable care and delivery equipment that is poorly maintained may be refused entrance to the installation by the installation Commander.

(ii) The Contractor shall present delivery equipment and product in such condition at destination so as to permit complete off-loading within the prescribed free time. (DESC 52.247-9FH5)

**F1.09-1 ANNOTATION OF SHIPPING DOCUMENTS (DESC AUG 1999)**

(a) **Trucks with temperature-compensating meters.** For deliveries when temperature compensating meters are used to determine quantity, the shipping document (truck's metered ticket) shall be annotated with the API gravity (or density), net quantity, and a statement that a temperature compensating meter was used to determine quantity.

(b) **Trucks without temperature-compensating meters.** For deliveries when quantity is determined without volume correction to 60°F (15°C) as permitted in the DETERMINATION OF QUANTITY clause, paragraph (b), the shipping document (truck's metered ticket) shall be annotated with the API gravity (or density), gross quantity, and a statement that volume correction was not required.

(c) **For all other deliveries, including those using a loading rack meter ticket as the shipping document.** The shipping document shall be annotated with the gross and net gallons (or gross and net liters), the observed and corrected API gravity (or density), and the temperature at which the product was measured.

(DESC 52.211-9FB1)

**F1.09-2 DETERMINATION OF QUANTITY (PC&S) (DESC MAY 2000)**

(a) **QUANTITY.** The quantity of supplies furnished under this contract shall be determined as follows:

(1) **DELIVERIES INTO OR BY TANKER/BARGE.**

(i) **F.O.B. ORIGIN.**

(A) On items requiring delivery at the Contractor's refinery, terminal, or bulk plant on an f.o.b. origin basis, the invoice quantity shall be determined (at the Contractor's option) on the basis of--

- (a) Shore tank measurements; or
- (b) Calibrated meter.

(B) The Government will have the right to have a representative present to witness the measurement of quantity.

(ii) **F.O.B. DESTINATION.**

(A) On items requiring delivery on an f.o.b. destination basis, the invoice quantity shall be determined on the basis of--

- (a) Calibrated meter if the delivery conveyance is so equipped; otherwise--
- (b) Gauging the receiving shore tank; or
- (c) Gauging the tanker/barge before and after delivery.

(B) The Contractor has the right to have a representative present to witness the delivery and measurement of quantity.

(2) **DELIVERIES INTO OR BY TANK TRUCK/TRUCK AND TRAILER/TANK WAGON.**

(i) **F.O.B. ORIGIN.**

(A) On items requiring delivery at the Contractor's refinery, terminal, or bulk plant on an f.o.b. origin basis, the invoice quantity shall be determined (at the Contractor's option) on the basis of--

- (a) Certified capacity tables of the conveyance loaded;
- (b) Calibrated meter; or
- (c) Weight, using calibrated scales.

(B) The Government has the right to have a representative present to witness the measurement of quantity.

(ii) **F.O.B. DESTINATION.** On items requiring delivery on an f.o.b. destination basis, the invoice quantity shall be determined as follows:

(A) If the narrative requires a tank truck with meter, a truck and trailer with meter, or tank wagon (which is always equipped with a meter), that meter shall be used to determine invoice quantity at time of delivery. The quantity shall be read directly from the meter; otherwise--

(B) The Government may elect to determine invoice quantity at the receiving activity at the time of delivery on the basis of--

- (a) Weight, using calibrated scales; or
- (b) A calibrated meter on the receiving tank system.

(C) If the Government does not require method (a)(2)(ii)(A) above and does not elect to use method (a)(2)(ii)(B) above, the Contractor may then elect to provide equipment that enables the Government and the Contractor to determine invoice quantity at destination at the time of delivery by one of the following methods:

- (a) A calibrated meter on the delivery conveyance. The quantity shall be read directly from the meter; or
- (b) Gauging the delivery conveyance. The certified capacity tables must be made available at the time of delivery. This method may not be used in areas where environmental restrictions prohibit the opening of dome hatches; or

F1.09-2 Cont'd

(c) Certified tank calibration markers. Certified tank calibration markers will not be accepted unless the conveyance is full to the marker and the entire quantity is off-loaded at the receiving activity. This method may not be used for deliveries to Army activities or in areas where environmental restrictions prohibit the opening of dome hatches.

(d) Provide the receiving activity with the net quantity determined at the loading point by a calibrated loading rack meter or calibrated scales. This quantity must be mechanically imprinted on the loading rack meter ticket that is generated by the loading rack meter or scales.

(D) The Contractor has the right to have a representative present to witness the delivery and measurement of quantity.

(iii) **WATER BOTTOMS.**

(A) Every delivery must be free of all water bottoms prior to discharge; and

(B) The Contractor is responsible for their removal and disposal.

(b) **VOLUME CORRECTION TO STANDARD TEMPERATURE.** To convert gross measured quantities to net quantities of gallons at 60°F (or liters at 15°C), use Volume Correction Factors and the API gravity (or density at 15°F) (see (c)(1) below). Volume correction to a standard temperature of 60°F (or liters at 15°C) is required for--

(1) All product volumes measured in storage (receiving) tanks, tankers, and barges;

(2) All product volumes measured by meters on the (receiving) tank system;

(3) All product volumes determined by weight using a calibrated scale;

(4) All product volumes determined by loading rack meter;

(5) All product volumes of residual fuels measured in tank trucks or truck and trailers. For this purpose, residual fuels are any products with a viscosity equal to or greater than a regular (not light) No. 4 Fuel Oil (ASTM D 396); and

(6) All other product volumes measured in tank trucks or truck and trailers that are in excess of 5,000 gallons except for deliveries where the meter on the delivery conveyance is used to determine quantity. If the meter on the delivery conveyance is used to determine invoice quantity, volume correction shall not be performed unless the meter is equipped to volume correct automatically. The invoice quantity shall be determined directly from the meter reading.

(c) **MEASUREMENT STANDARDS.** All measurements and calibrations made to determine quantity shall be in accordance with the most recent edition of the API Manual of Petroleum Measurement Standards (MPMS). Outside the United States, other technically equivalent national or international standards may be used. **Certified capacity tables** shall mean capacity tables prepared by an independent inspector or any independent surveyor. In addition, the following specific standards will be used as applicable:

(1) **API MPMS Chapter 11.1, Volume Correction Factors** (API 2540/ASTM D 1250/IP 200/ISO 91-1). Either the printed version or the computer subroutine versions of the standard may be used. In case of disputes, the computer subroutine will be the referee method.

(i) For all fuels and fuel oils, Volume II, Tables 5B and 6B (or Volume VIII, Tables 53B and 54B), shall be used to determine the volume correction factor.

(ii) Volume XII, Table 52 shall be used to convert cubic meters at 15°C to barrels at 60°F, except when this method is restricted by foreign law. Convert liters at 15°C to cubic meters at 15°C by dividing by 1,000. Convert gallons at 60°F to barrels at 60°F by dividing by 42. Should foreign law restrict conversion by this method, the method required by law shall be stated in the offer.

(iii) If the original measurement is by weight and quantity is required by U.S. gallons, then--

(A) Volume XII, Table 58, shall be used to convert metric tons to U.S. gallons at 60°F. Convert kilograms to metric tons by dividing by 1,000.

(B) Volume XI, Table 8, shall be used to convert pounds to U.S. gallons at 60°F.

(2) **API MPMS Chapter 4, Proving Systems.** All meters used in determining product volume shall be calibrated using this standard with the frequency required by local regulation (foreign or domestic). If no local regulation exists, then the frequency of calibration shall be that recommended by the meter manufacturer or every 6 months, whichever is more frequent.

(DESC 52.211-9FA5)

**F3 TRANSPORT TRUCK AND/OR TRUCK AND TRAILER FREE TIME AND DETENTION RATES (PC&S/COAL)  
(DESC FEB 2001)**

(a) Upon arrival of Contractor's transport truck or truck and trailer, the receiving activity shall promptly designate the delivery point into which the load is to be discharged. Contractor shall be paid for detention beyond free time for delays caused by the Government. A minimum of one hour free time is required.

(1) Free time for unloading a transport truck, excluding multiple drop deliveries, or truck and trailer in excess of one hour: \_\_\_\_\_.

(2) Rate for detention beyond free time: \_\_\_\_\_.

The above will not be considered in the evaluation of offers for award.

(b) Notwithstanding the above, the Government is entitled to at least as much free time as is allowed by the common carrier or that the Contractor normally allows its regular commercial customers, whichever is greater. In addition, the Government will not pay more in detention rates than the actual rate charged by the common carrier or the rate the Contractor normally charges its regular commercial customers, whichever is lower.

UNLESS OFFEROR INDICATES OTHERWISE, FREE TIME WILL BE CONSIDERED UNLIMITED.

(c) **DETENTION COSTS.** Detention costs, allowable only on tank truck deliveries (not applicable to multiple drop tank truck or any tank wagon deliveries) and barge/tanker, will be the sole responsibility of the activity incurring them. Invoices for detention costs will be submitted by the Contractor directly to the activity receiving the product. These provisions are applicable to DLA-owned/capitalized as well as non-DLA-owned/noncapitalized products.

(DESC 52.247-9FK1)

**F4 DELIVERY AND ORDERING PERIODS (DESC AUG 1976)**

(a) The period of this contract during which the Ordering Officer may order and the Contractor shall deliver, if ordered, will be as follows unless the Schedule specifies otherwise:

(1) Ordering period begins: 1 Jun 2001 and ends: 31 May 2004.

(2) Delivery period begins: 48 hours after the beginning of the ordering period and ends: 30 days after end of ordering period.

(b) Notwithstanding the foregoing, deliveries prior to the delivery period, made at the option of the Contractor and pursuant to an order by the Government, shall be deemed to have been made under this contract at the applicable contract price(s).

(DESC 52.242-9F75)

**F16 BARGE UNLOADING CONDITIONS (DESC MAY 1998)**

(a) On items calling for delivery f.o.b. destination by means of barge--

(1) The supplies ordered hereunder shall be delivered, all transportation charges paid, to the destination specified in the Schedule. Unless otherwise specified in the Schedule, orders placed under items of the Schedule calling for delivery f.o.b. destination by means of barge will be furnished the Contractor at least 24 hours, plus the normal barge running time from point of loading to the destination, in advance of the date on which delivery is to be made, which date is hereinafter referred to in this clause as the "scheduled delivery date." Each order will specify the quantity to be delivered and the scheduled delivery date. The scheduled delivery date may be changed by the Contractor at any time if the Ordering Officer approves.

(2) Within 3 hours after receipt of notice by the receiving activity from the Master or Mate of a tug or of a self-propelled barge of readiness to unload, the Government will provide, free of cost, a reachable safe berth for the tug and tow or self-propelled barge to be afloat at all times at the unloading port: PROVIDED, however, that if the receiving activity does not receive notice of a barge's readiness to unload within 24 hours before or after noon of the latest approved scheduled delivery date, the Government will be allowed 12 hours after receipt of notice within which to provide a berth.

(3) Unless otherwise provided in the Schedule, the Government shall be allowed and will complete unloading within laytime determined as follows: 1 hour for each 2,000 barrels of supplies to be unloaded, plus 1 1/2 hours; PROVIDED, however, that if the condition or facilities of the barge to be unloaded do not permit unloading within the number of hours so determined, such allowed laytime shall be increased by a number of hours sufficient to permit the unloading of the barge; PROVIDED, further, that when the barge is delayed in reaching its berth within 3 hours or 12 hours, as the case may be, from the time notice of readiness to unload is given, and the delay is caused by the fault of the barge, such allowed laytime shall be increased by the duration of such delay; and PROVIDED, further, that if regulations of the owner or operator of the barge or Port Authorities prohibit unloading at any time, time so lost shall be added to the amount of such allowed laytime. Laytime shall commence either--

(i) At the expiration of the notice period prescribed by (2) above (the 3 hours' or the 12 hours' notice, as the case may be), berth or no berth; or

(ii) Immediately upon the barge's arrival in berth (i.e., all fast), with or without notice of readiness, whichever first occurs. Laytime shall continue 24 hours a day, 7 days a week, without interruption from its commencement, until unloading of the barge is completed and the hoses have been disconnected.

F16 Cont'd

(4) For all hours of laytime that elapse in excess of the allowed laytime for unloading provided for by paragraph (3) above, or as otherwise provided for in the Schedule, demurrage will be paid by the Government at the demurrage rate in the charter for the barge unloading, except (i) that such rate shall be reduced by 1/2 if demurrage is incurred due to causes beyond the control and without the fault and negligence of the Government; and (ii) that the demurrage payable by the Government shall in no event exceed the actual demurrage expense incurred by the Contractor under the charter. For purposes of computing demurrage payable by the Government, if the laytime allowed in the charter is a combined total for both loading and discharging, 1/2 thereof shall be allocated to the unloading operation, except when less than a full cargo is unloaded, where such allocation shall be determined on a pro-rata basis.

(5) In the event of breakdown of Contractor's equipment, which will prohibit unloading for at least two hours, the Contractor will be required to remove the equipment from the Government-provided berth, unless permission is granted by the Government to allow the equipment to remain on berth. When the Government grants permission for the Contractor equipment to remain on berth, the Contractor will be responsible to reimburse the Government for any cost incurred by the Government for furnishing personnel to remain with the barge during repair; PROVIDED further, that if the Contractor removes the equipment from the Government provided berth, notice of readiness to unload will be again required as provided in (2) above.

(6) For all deliveries, hoses for unloading a barge will be furnished, connected, and disconnected by the Government.

(7) Title to the supplies delivered, and risk of loss thereof, shall pass from the Contractor to the Government when the supplies pass the permanent hose connections of the barge unloading the supplies.

(8) The term **barge**, as used herein, shall include lake tankers.

**(b) BARGE FREE TIME AND DEMURRAGE CHARGES FOR DOMESTIC POSTS, CAMPS, AND STATIONS CONTRACTS.**

(1) Unless the offeror indicates otherwise, free time will be unlimited. Free time allowed and demurrage rates will not be considered in evaluation of offers for award.

<u>ITEM</u>	<u>FREE TIME ALLOWED</u>	<u>DEMURRAGE BEYOND FREE TIME</u>		
		<u>BARGE</u>	<u>TUG</u>	<u>OTHER</u>

(2) Notwithstanding the above, the Government will not pay more than the actual rate charged by the barge carrier or the rate the Contractor normally charges its regular commercial customers, whichever is lower. Free time is in addition to all hours of laytime that elapse in excess of the allowed laytime for unloading as provided in this clause.

**G9.09 PAYMENT BY ELECTRONIC FUNDS TRANSFER - CENTRAL CONTRACTOR REGISTRATION (MAY 1999)**

**(a) METHOD OF PAYMENT.**

(1) All payments by the Government under this contract, shall be made electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term EFT refers to the funds transfer and may also include the information transfer.

- (2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either--
- (i) Accept payment by check or some other mutually agreeable method of payment; or
  - (ii) Request the Government to extend the payment due date until such time as the Government can make payment

by EFT (but see paragraph (d) of this clause).

(b) **CONTRACTOR'S EFT INFORMATION.** The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.

(c) **MECHANISMS FOR EFT PAYMENT.** The Government shall make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) **SUSPENSION OF PAYMENT.** If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) **CONTRACTOR EFT ARRANGEMENTS.** The Contractor has identified multiple payment receiving points (i.e., more than one remittance address and/or EFT information set) in the CCR database, and the Contractor has not notified the Government of the payment receiving point applicable to this contract, the Government shall make payment to the first payment receiving point (EFT information set or remittance address as applicable) listed in the CCR database.

(f) **LIABILITY FOR UNCOMPLETED OR ERRONEOUS TRANSFERS.**

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--

- (i) Making a correct payment;
- (ii) Paying any prompt payment penalty due; and
- (iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

- (i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously direct funds; or
- (ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) of this clause shall apply.

(g) **EFT AND PROMPT PAYMENT.** A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(h) **EFT AND ASSIGNMENT OF CLAIMS.** If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require a condition of any such assignment that the assignee shall register in the CCR database and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect within the meaning of paragraph (d) of this clause.

(i) **LIABILITY FOR CHANGE OF EFT INFORMATION BY FINANCIAL AGENT.** The Government is not liable for errors resulting from changes in EFT information made by the Contractor's financial agent.

(j) **PAYMENT INFORMATION.** The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.

(FAR 52.232-33)

**G9.09-1 PAYMENT BY ELECTRONIC FUNDS TRANSFER - OTHER THAN CENTRAL CONTRACTOR REGISTRATION (MAY 1999)**

**(a) METHOD OF PAYMENT.**

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term EFT refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT (but see paragraph (d) of this clause).

**(b) MANDATORY SUBMISSION OF CONTRACTOR'S EFT INFORMATION.**

(1) The Contractor is required to provide the Government with the information required to make contract payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information no later than 5 days after award. If not otherwise designated in the contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated payment office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

**(c) MECHANISMS FOR EFT PAYMENT.** The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal Payments through the ACH are contained in 31 CFR Part 210.

**(d) SUSPENSION OF PAYMENT.**

(1) The Government is not required to make any payment until after receipt, by the designated office, of the correct EFT information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of any delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than the 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the changed EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

**(e) LIABILITY FOR UNCOMPLETED OR ERRONEOUS TRANSFERS.**

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously direct funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provision of paragraph (d) shall apply.

**(f) EFT AND PROMPT PAYMENT.** A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

**(g) EFT AND ASSIGNMENT OF CLAIMS.** If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

G9.09-1 Cont'd

(h) **LIABILITY FOR CHANGE OF EFT INFORMATION BY FINANCIAL AGENT.** The Government is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

(i) **PAYMENT INFORMATION.** The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.

(j) **EFT INFORMATION.** The Contractor shall provide the following information to the designated office. The Contractor may supply this data for multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

(FAR 52.232-38)

**G150.03-1 PAPERLESS ORDERING AND RECEIPT TRANSACTION SCREENS (PORTS) INTERNET APPLICATION (DESC DEC 2001)**

**APPLICABLE TO DoD ACTIVITIES ONLY.**

(a) **CONTRACTOR PASSWORD.** The Contractor will furnish an email distribution list to the DESC Contracting Officer providing name(s), email address(es), phone and facsimile number(s) for all those individuals that may need to receive email notification of orders. The DESC Contracting Officer will furnish the Contractor with a password. Supplementing the "user name" (bidder code), the Contractor shall use this password to access contract-specific web pages and the Paperless Ordering and Receipt Transaction Screens (PORTS) Internet application. This includes access to electronically signed written orders (SF 1449), as described in (b) below. The Contractor shall also use the password to access PORTS for transmitting receipt documents to the Activity and for transmitting invoices to the payment office, as identified in (d) below.

(b) **PREPARATION AND TRANSMISSION OF ORDERS AND CALLS AGAINST ORDERS.**

(1) The Government may issue an order for a specific delivery or a series of deliveries (e.g., several deliveries during a week). The Government may also elect to issue an order covering a longer period (including monthly orders) and make periodic calls against these orders designating specific delivery dates, times, and quantities.

(2) Orders, and calls against orders, may be issued orally or in writing. An oral delivery order for fuel shall be considered issued by the Government when it is verbally assigned a delivery order number. For all orders, the appropriate ordering office/officer will provide the Contractor, via the PORTS Internet application, with an electronically signed written order, SF 1449, within 24 hours or one business day after issuing the oral order. (Once the Ordering Officer has completed the web page order, an email will be sent to the Contractor to provide notice that the order is available on the contract-specific web page. The order will also be submitted to the payment office.) An oral order shall provide the required advance notice to the Contractor and the following information: Order number; contract number; item number; quantity; delivery location; any applicable taxes, which should be billed as a separate item on the invoice; and the required delivery date. Regardless of the unit price cited on the written order, the office designated to make payments on the written order will pay the applicable unit price in effect under the ECONOMIC PRICE ADJUSTMENT (PC&S) clause.

(3) Calls against previously issued orders must be confirmed in writing within 24 hours or one business day via email message. The email confirmation will reference the previously issued order number and item number and designate specific delivery location, dates, and quantity to be delivered against that order.

(4) The Contractor's nonreceipt of a written or electronic confirmation of an oral order or oral call against a written or electronic order does not itself relieve the Contractor from its obligation to perform in accordance with the oral order or oral call against a written or electronic order. The Contractor should contact the DESC Contracting Officer if problems are experienced with receipt of the electronic or written confirmation.

(c) **COMMERCIAL RECEIPTS.**

(1) The Contractor shall provide a commercial receipt (bill of lading, metered ticket, or delivery ticket) upon completing delivery. The Government representative may date and sign the commercial receipt and will be provided with a legible copy. The following information shall be stated on the commercial receipt:

G150.03-1 Cont'd

- (i) Item number;
- (ii) Order number;
- (iii) Type of fuel delivered;
- (iv) Date of the delivery into the Government's tank(s);
  - (v) Delivered quantity and, if volume correction is required in accordance with the DETERMINATION OF QUANTITY (PC&S) clause, the fuel temperature and API gravity. If temperature compensating meters are used, only the API gravity and delivered quantity are recorded;
  - (vi) Tank identifier determined by the base; and
  - (vii) Any other required information specified in the narrative of the Schedule for the item.

(2) The Contractor will maintain all signed receipts as evidence of delivery and will provide them to the Government upon request, as dictated by the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause. The records will be annotated with "NONTAXABLE USE ONLY. PENALTY FOR TAXABLE USE" where applicable.

(d) **PREPARATION AND TRANSMISSION OF THE MATERIAL INSPECTION AND RECEIVING REPORT (DD FORM 250)/INVOICE.** At the time of each delivery of supplies or services under this contract, the Contractor shall prepare and furnish to the Government a Material Inspection and Receiving Report in the manner and to the extent required by Appendix F of the Defense FAR Supplement, Material Inspection and Receiving Report, except as noted in this clause. The Contractor, or its designee, shall key the following information from the commercial receipt(s) into the contract-specific web pages for generation of the continuation page and the first page of the DD Form 250 document upon accessing the web screens per the instructions to be provided on the DESC homepage.

(1) On the first page of the web screen for creating a new DD Form 250, the Contractor will select the appropriate line item and order/amendment number from a pull-down list (which already depicts the associated contract number, requisition number, and mode of delivery). The Contractor must insert the shipment date reflecting the date fuel was actually delivered. On the next screen, the Contractor will enter a unique invoice number, confirm the escalated unit price (which may also be corrected if applicable) and any discount terms offered other than net 30 days, and select the appropriate method of quantity determination (either loading rack method or nonloading rack method). The loading rack method is selected if the quantity delivered is determined based on loading rack meter tickets from the terminal; the nonloading rack method is selected if quantity determination is based on any other method as specified in the DETERMINATION OF QUANTITY (PC&S) clause.

(2) On the next screen, the Contractor will enter sequentially the following information from each commercial ticket, which will be depicted in three columns on the DD Form 250 continuation page:

- (i) The commercial ticket number;
- (ii) The quantity indicated on the commercial receipt, (system will round quantity up or down), determined in accordance with the DETERMINATION OF QUANTITY clause; and
- (iii) The tank identifier determined by the Activity (such as a building number). This tank identifier is required only for auto-fill items.

The total volume delivered to the Activity as input by the Contractor will automatically be entered into Block 17 of the DD Form 250 as a whole number; the required sequential shipment number under the order will automatically be entered into Block 2. If there is disagreement between the Contractor and the Government as to the quantity delivered, the DESC Contracting Officer will be promptly notified. (See the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.)

(3) Upon completion of the DD Form 250/invoice web screen document, the Contractor or designee will key the submission for processing, which automatically triggers two actions:

(i) An email message to the Activity. The email message will request approval of the DD Form 250 and inform the Activity to access the web page to accomplish this by electronic signature or it will specify order number, shipment date and number, item, quantity shipped and all delivery tickets that apply.

G150.03-1 Cont'd

(ii) Dispute the quantity being invoiced. Advise the Contractor by email of the reason (such as shipment date or quantity error). In this case, the Contractor will then submit a revised DD Form 250/invoice to the Activity (and to the payment office) via PORTS; the Contractor need only key in the data field(s) requiring correction and resubmit for processing. The DD Form 250 must be resubmitted within 24 hours or one business day of the Activity's notification. If the Contractor disagrees with the Activity's notification of disagreement, the Contractor may contact the DESC Contracting Officer. (See the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.

(iii) If any errors are discovered on the Contractor's DD Form 250 after submission to the Activity, but before either confirmation or notification of disagreement, the Contractor will promptly correct by clicking on the "**Correct Submitted DD Form 250/invoice**" key and entering corrections of any prior errors. When submitted to the Activity for verification/confirmation, the DD Form 250/invoice document is automatically labeled with the words "**CORRECTED COPY.**" As in (d)(4)(i) and (ii) above, the Contractor is notified with automatic posting of the electronic transmission to the payment office.

In this case, the Contractor will then submit a revised DD Form 250/invoice to the Activity (and to the payment office) via PORTS; the Contractor need only key in the data field(s) requiring correction. If the Contractor fails to submit a revised DD Form 250 within 24 hours or one business day of the Activity's rejection notification based on discrepancy in quantity or shipment date, in order to avoid potential delays in payment the Activity may proceed to change either the quantity or shipment date to that which the Activity had asserted. These changes will be forwarded to both the payment office and the Contractor. If the Contractor still disagrees with the Activity's change(s), the Contractor may contact the DESC Contracting Officer. (See the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.)

(iii) If any errors are discovered on the Contractor's DD Form 250 after submission to the Activity, but before either approval or rejection, the Contractor will promptly advise the Activity by either telephone or email in order that the document can be rejected with an accurate notation and then revised (see (d)(5)(ii) above) as soon as possible.

(iv) Upon signature of approval/acceptance on the DD Form 250 by the Government representative, any corrections to the document must be performed via the web page. The Contractor will click on the "Correct Submitted DD Form 250/Invoice" key and enter corrections of any prior errors. When submitted to the Activity for approval, the DD Form 250/invoice document is automatically labeled with the words "**CORRECTED COPY.**" As in (d)(5)(i) and (ii) above, the Contractor is notified, with automatic posting of the electronic transmission to the payment office.

(6) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment.

(7) The Government will not be liable to the Contractor for any incidental or consequential damages resulting from any delay, omission, or error in the transmission or receipt of invoices under the Internet application.

(1) Use of PORTS, as described above, is required except in the cases indicated in (g) below and as identified exceptions to electronic invoicing under the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) – ADDENDUM clause.

(2) In the event there is an interruption of PORTS service, fax/paper invoices may be submitted to DFAS Columbus only after the Contractor has contacted the DESC Contracting Officer and is given authorization to do so. A four-digit confirmation code will be provided by the DESC Contracting Officer and must be inserted (handwritten or typed) on each fax/paper invoice. DFAS Columbus will return any fax/paper invoice that does not contain the four-digit confirmation code. (FAR 52.232-17)

**THE FOLLOWING CLAUSE APPLIES ONLY TO UNRESTRICTED ITEMS AND, IF APPLICABLE, ANY TOTAL SMALL BUSINESS SET-ASIDE ITEMS.**

**184 REQUIREMENTS (OCT 1995)**

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the ORDERING clause. Subject to any limitations in the ORDER LIMITATIONS clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the ORDERING clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; PROVIDED, that the Contractor shall not be required to make any deliveries under this contract after **30 June 2004 unless specified by Clause I209.09 EXTENSION PROVISIONS.**

(FAR 52.216-21)

**186.03 DELIVERY-ORDER LIMITATIONS (PC&S) (DESC MAY 1996)**

This clause is applicable only to tank truck and tank wagon deliveries.

(a) **MINIMUM ORDER.** The Contractor shall not be obligated to honor any order under this contract for less than the minimum quantity applicable to the method of delivery called for by the item(s) as specified in the DELIVERY CONDITIONS FOR TRANSPORT TRUCKS, TRUCKS AND TRAILERS, AND TANK WAGONS clause.

(b) **MAXIMUM ORDER.** Unless otherwise stated in the Schedule, the Contractor shall not be obligated to honor any order for a single item/a combination of items/a series of orders from the same ordering office, within any given 30-day period, in excess of whichever of the following is applicable:

(1) If the total estimated contract quantity is 100,000 gallons or less, the Contractor shall not be required to deliver a quantity in excess of the total estimated contract quantity of the item/all the items/all the items on all the orders;

(2) If the total estimated contract quantity is between 100,000 and 500,000 gallons, the Contractor shall not be required to deliver a quantity in excess of 50 percent of the total estimated contract quantity of the item/all the items/all the items on all the orders, or 100,000 gallons, whichever is greater; or

(3) If the total estimated contract quantity is greater than 500,000 gallons, the Contractor shall not be required to deliver a quantity in excess of 35 percent of the total estimated contract quantity of the item/all the items/all the items on all the orders, or 250,000 gallons, whichever is greater.

(c) The Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in (b) above.

(d) Notwithstanding the foregoing, the Contractor shall honor any order received that exceeds the maximum order limitations set forth above unless the Contractor verbally notifies the Ordering Officer within two workdays, followed by the return of the written orders to the ordering office, that he does not intend to make shipment of the items called for and the reasons therefor. When the Government has received this verbal notice, the Government may secure the supplies from another source.

(e) Nothing in either (b) or (c) above shall be construed to require a Contractor to furnish supplies in excess of the quantity directed to be supplied by the Department of Energy, in the event of a directed allocation, pursuant to the ALLOCATION clause.

(DESC 52.216-9FK1)

**1179 ALLOCATION (DESC JUL 1995)**

(a) **REDUCED SUPPLIES.** If, for any cause beyond the control and without the fault or negligence of the Contractor, the total supply of crude oil and/or refined petroleum product is reduced below the level that would have otherwise been available to the Contractor, the Contractor allocates to its regular customers its remaining available supplies of crude oil or product, then the Contractor may also allocate to the U.S. Government supplies to be delivered under this contract, PROVIDED--

(1) Prompt notice of and evidence substantiating the necessity to allocate and describing the allocation rate for all the Contractor's customers are submitted to the Contracting Officer;

(2) Allocation among the Contractor's regular customers is made on a fair and reasonable basis (except where allocation on a different basis is required by a governmental authority, agency, or instrumentality); and

(3) Reduction of the quantity of product due the Government under this contract shall not exceed the pro rata amount by which the Contractor reduces delivery to its other customers similarly situated.

(b) **ADDITIONAL SUPPLIES.** If, after the event causing the shortage of crude oil and/or refined petroleum product as described in (a) above, additional supply becomes available to the Contractor, the Contracting Officer may choose any one of the following three possible courses of action:

(1) Accept an updated pro rata reduction as outlined in (a) above;

(2) Determine that continuance of the contract with the quantities as originally stated in the Schedule is in the best interests of the Government; or

(3) Terminate the contract as permitted in (d) below.

(c) **REDUCED DELIVERIES.** If the Contractor believes that a law, regulation, or order of a foreign government requires the Contractor to deliver less than the quantity set forth in the Schedule for any location within that country, the Contractor may request allocation in accordance with (a) above. In addition to the criteria in (a) above, the Contractor's request shall cite--

(1) The law, regulation, or order, furnishing copies of the same;

(2) The authority under which it is imposed; and

(3) The nature of the Government's waiver, exception, and enforcement procedure.--

The Contracting Officer will promptly review the matter and advise the Contractor whether or not the need to allocate has been substantiated. If the law, regulation, or order requiring the Contractor to reduce deliveries ceases to be effective, the Contractor shall resume deliveries in accordance with the original Schedule.

(d) If, as a result of reduced deliveries permitted by (a), (b), or (c) above, the Contracting Officer decides that continuation of this contract is no longer in the best interests of the Government, the Government may terminate this contract or any quantity thereunder, by written notice, at no cost to the Government. However, the Government shall not be relieved of its obligation to pay for supplies actually delivered to and accepted by it.

(e) Except as otherwise stated in (b) above, any volumes omitted pursuant to (a) or (b) above shall be deleted from this contract, and the Contractor shall have no continuing obligation, so far as this contract is concerned, to make up such omitted supplies.

(f) For Posts, Camps, and Stations contracts, Department of Energy priority orders and allocation regulations will take precedence over any conflicting provisions of this clause.

(g) For Bulk Fuels contracts, the provisions contained in (a) above shall be inoperative when the Secretary of Defense makes a written determination that it is essential to the National Defense that the Defense Energy Support Center be provided contract volumes exceeding the amount of product to which it would otherwise be entitled.

(DESC 52.249-9F05)

**1186 PROTECTION OF GOVERNMENT PROPERTY AND SPILL PREVENTION (DESC MAY 1978)**

(a) The Contractor shall use reasonable care to avoid damaging or contaminating existing buildings, equipment, asphalt pavement, soil, or vegetation (such as trees, shrubs, and grass) on the Government installation. If the Contractor fails to use reasonable care and damages or contaminates any such buildings, equipment, asphalt pavement, soil or vegetation, or other Government facilities, he shall replace the damaged items or repair the damage at no expense to the Government and to the satisfaction of the Government.

Further, if, as a result of the failure of the Contractor to comply with the requirements of this contract, Government buildings, equipment, asphalt pavement, soil or vegetation, or other Government facilities become damaged or destroyed, the Contractor shall replace or repair the damage at no expense to the Government, and to the satisfaction of the Government. Should the Contractor fail or refuse to make such repairs or replacements, the Government may have the said repairs or replacement accomplished, and the Contractor shall be liable for the cost thereof which may be deducted from the amounts which become due under this contract. Informal agreement with the Contractor upon replacement, repairs, or costs to be deducted shall first be attempted by the Installation Commander or Ordering Officer. If disagreement persists, the matter shall be referred to the Contracting Officer. Unless approved by the Contracting Officer, no costs shall be deducted from amounts due or owing without the Contractor's consent.

I186 Cont'd

(b) The Contractor shall take all measures as required by law to prevent oil spills (including, but not limited to, any spilling, leaking, pumping, pouring, emitting, emptying or dumping into or onto any land or water). In the event the Contractor spills any oil (including, but not limited to, gasoline, diesel fuel, fuel oil, or jet fuel), the Contractor shall be responsible for the containment, cleanup, and disposal of the oil spilled. Should the Contractor fail or refuse to take the appropriate containment, cleanup, and disposal actions, the Government may do so itself. The Contractor shall reimburse the Government for all expenses incurred including fines levied by Federal, State, or local Governments.

**1209.09 EXTENSION PROVISIONS (PC&S) (DESC OCT 1994)**

(a) The DESC Contracting Officer reserves the right to unilaterally extend this contract on the same terms and conditions one or more times for a total of no more than six months. Notice of contract extension will be furnished to the Contractor 30 days prior to expiration of this contract or any extension thereof. However, nothing in this clause precludes the Contractor from agreeing to an extension of the contract if the DESC Contracting Officer fails to issue the notice within the 30 day time frame.

(b) The foregoing extension may be exercised by the DESC Contracting Officer where continued performance is required until a follow-on contract is awarded or, in the event a follow-on contract has been awarded, until a succeeding Contractor is positioned to commence performance.

(c) Extension of this contract shall be considered to have been accomplished at the time the DESC Contracting Officer provides written notification to the Contractor by facsimile or by mail.

(DESC 52.217-9F20)

**I211 ORDERING (OCT 1995)**

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial items, the prohibition in paragraph (a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial item(s).

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract that exceed \$100,000.
