SPECIAL NOTES**DELIVERY CONDITIONS FOR FOB DESTINATION DELIVERY ITEMS**

a. Delivery to FOB Destination points shall only be made by Contractor furnished trucks with working calibrated meters, working pumps and a minimum of 15 feet of hose. Truck meters and pumps must be able to function without access to on-site electricity at delivery points. A licensed company operating within the country where trucks are registered/operated must calibrate contractor's truck meters. Contractor shall only use trucks that have been approved by the Contracting Officer or other authorized U.S. Government representative. An authorized U.S. Government representative must approve any change in delivery trucks. Contractor shall have local and international fittings and connectors. A contractor representative will verify that working calibrated meters and working pumps are on the truck designated for loading. Trucks not meeting stated criteria will be rejected. All delivery trucks must have equipment available to prevent and clean up fuel spills and leaks. Additional inspection of Contractor's delivery trucks will include the verification of 1) previously carried product (contractor may be requested to provide documentation regarding the product previously carried in the trucks to be loaded); 2) safety conditions of delivery trucks; and 3) vehicle integrity.

b. All deliveries shall be made on the day specified in the delivery order provided the Contractor shall have received the order at least 48 hours prior to the day so specified. Deliveries must be made between the hours of 0800 - 1500 hours Monday through Saturday to the destination point annotated in the delivery order unless otherwise specified in writing by the Ordering Officer. Any change in delivery date or destination point must be authorized and approved in writing by the Ordering Officer.

c. The Contractor shall provide a minimum of one (1) hour free time for off-loading each delivery truck. Contractor shall present delivery truck and product in such condition at destination point/receiving activity as to permit complete off-loading within the prescribed free time. Contractor trucks arriving outside the established delivery schedule in this contract or the times stated on the order may have to wait, at the contractor's expense, to off-load until the next delivery day. Upon arrival of Contractor's truck, the receiving activity shall promptly designate the delivery point into which the load is to be discharged. Notwithstanding the above required free time, the receiving activity is entitled to at least the same amount of free time allowed by the common carrier or that the Contractor normally allows its regular commercial customers. Contractor shall be paid for detention/demurrage beyond free time for delays caused by the receiving activity. The U.S. Government will not pay more in detention/demurrage rates than the actual rate charged by the common carrier or the rate the Contractor normally charges its regular commercial customers, whichever is less. Any incurred detention charges shall be submitted to the paying office using line item 8888-88. The Contractor's invoices shall clearly state the delivery point where detention/demurrage charges occurred, the number of hours charged, detention/demurrage costs and extended dollar value. All claims for detention/demurrage shall be supported with a copy of the Receiving Report (DD Form 250) clearly indicating times of arrival and departure from destination and signed by the cognizant U.S. Government representative.

d. The Contractor shall provide properly maintained delivery equipment and properly trained delivery personnel to reasonably assure that delivery can be made without damage to vegetation and pavement adjacent to storage facilities being filled. Contractor delivery personnel who have not exercised reasonable care and delivery equipment that is poorly maintained may be refused entrance to the installation by the installation Commander.

(2) The first page of the offer must show--

(i) The solicitation number;

(ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);

(iii) Include name, title, and signature of person authorized to sign the offer.

Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(iv) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(v) Terms of any express warranty;

(vi) Price and any discount terms; and

(vii) A completed copy of the representations and certifications in the Offeror Submission Package.

(3) **IFBs ONLY.**

(i) Facsimile bids are authorized for this solicitation.

(ii) **EVALUATION - Net Payment Terms.** Offers under an IFB that include net payment terms less than 30 days will be determined non-responsive.

(iii) Prices shall be offered on an economic price adjustment basis only. Firm prices will be non-responsive and will be rejected.

(iv) The prices set forth on the Price Data Sheet in the block marked "Bid Price" will be a per gallon price. These prices shall not exceed six digits to the right of the decimal (e.g., \$1.030454).

(4) **RFPs ONLY.**

(i) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or that reject the terms and conditions of the solicitation may be excluded from consideration.

(ii) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(d) **NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODE AND SMALL BUSINESS SIZE STANDARD.** The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern that submits an offer in its own name, but which proposes to furnish an item that it did not itself manufacture, is 500 employees.

(e) **PERIOD FOR ACCEPTANCE OF OFFERS.** The offeror agrees to hold the prices in its offer firm for 120 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(f) **PRODUCT SAMPLES.** When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during pre-award testing.

(g) **MULTIPLE OFFERS.** Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(h) **LATE SUBMISSIONS, MODIFICATIONS, REVISIONS, AND WITHDRAWALS OF OFFERS.**

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "**late**" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(i) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(j) Proposals submitted in response to this solicitation shall be in English and in U.S. dollars unless otherwise permitted by the solicitation.

(k) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(l) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(m) **CONTRACT AWARD.**

(1) **RFPs ONLY (not applicable to IFBs).**

(i) While the Government intends to evaluate offers and award a contract without discussions, it reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary.

(ii) If the Contracting Officer determines that negotiations are necessary, the Government will then evaluate proposals and award a contract after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

(iii) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(2) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, cost or price and other factors (including sub-factors) specified elsewhere in this solicitation, considered.

(3) The Government may reject any or all offers if such action is in the Government's interest.

(4) The Government may waive informalities and minor irregularities in offers received.

(5) The Government may accept any item or group of items of a proposal, unless the offeror qualifies the proposal by specific limitations. Unless otherwise provided in the Schedule, proposals may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(6) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time specified in the offer shall result in a binding contract without further action by either party.

(7) The Government may disclose the following information in post-award debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;

(iii) A summary of the rationale for award; and

(iv) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

(6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

The Government may require repair or replacement of nonconforming supplies or re-performance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (i) within a reasonable time after the defect was discovered or should have been discovered; and (ii) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(2) Also see the NONCONFORMING SUPPLIES AND SERVICES clause in the Addendum.

(b) ASSIGNMENT. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract, to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) DEFINITIONS. The clause at FAR 52.202-1, DEFINITIONS, is incorporated herein by reference.

(f) EXCUSABLE DELAYS. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- (7) Name and address of official to whom payment is to be sent; and
- (8) Name, title, and phone number of person to be notified in event of defective invoice, and

(9) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(10) **Electronic funds transfer (EFT) banking information.**

(i) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(ii) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer - Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer - Other Than Central Contractor Registration), or applicable agency procedures.

(iii) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(j) **PAYMENT.**

(1) **Items accepted.** Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) **Prompt payment.** The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(3) **Electronic Funds Transfer (EFT).** If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(4) **Discount.** In connection with any discount offered for early payment, time shall be computed from the date of the invoice. (5) **Overpayments.** If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

(k) **RISK OF LOSS.** Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon--

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(l) **TAXES.** See Addendum 2.

(m) **TERMINATION FOR THE GOVERNMENT'S CONVENIENCE.** The Government reserves the right to terminate this contract, or any part thereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms and conditions of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting

standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(n) **TERMINATION FOR CAUSE.** The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(o) **TITLE.** Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(p) **WARRANTY.** The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(q) **LIMITATION OF LIABILITY.** Except, as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(r) **OTHER COMPLIANCES.** The Contractor shall comply with all applicable Federal, State, and local laws, executive orders, rules, and regulations applicable to its performance under this contract.

Unit prices are the bottom-line price per unit of product and may include the total contract price. They do not include any breakout of costs, such as transportation or overhead, and do not disclose the offeror's anticipated profit or any pricing factors.

L2.11-2 FACSIMILE PROPOSALS (OCT 1997)

(a) **DEFINITION. Facsimile proposal**, as used in this provision, means a proposal, revision, or modification of a proposal, or withdrawal of a proposal that is transmitted to and received by the Government via facsimile machine.

(b) Offerors may submit facsimile proposals as responses to this solicitation. Facsimile proposals are subject to the same rules as paper proposals.

(c) The telephone number of receiving facsimile equipment is **703-767-8506**.

(d) If any portion of a facsimile proposal received by the Contracting Officer is unreadable to the degree that conformance to the essential requirements of the solicitation cannot be ascertained from the document—

(1) The Contracting Officer immediately shall notify the offeror and permit the offeror to resubmit the proposal;

(2) The method and time for resubmission shall be prescribed by the Contracting Officer after consultation with the offeror; and

Companies protesting this procurement may file a protest (1) with the Contracting Officer, (2) with the General Accounting Office, or (3) pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office. Protests filed with the Agency should clearly state that they are an "Agency Level Protest under Executive Order No. 12979." (**NOTE:** DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the Contracting Officer; this process is not an appellate review of a Contracting Officer's decision on a protest previously filed with the Contracting Officer.) Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the Contracting Officer.

M3.01 EVALUATION OF OFFERS WHERE UNCOMMON ESCALATORS ARE USED (DESC JAN 1998)

(a) **FOR EVALUATION PURPOSES ONLY**, an evaluation factor will be applied to the Final Proposal Revision (FPR) prices of those items in which uncommon escalators are proposed as a basis for economic price adjustments. The evaluation factor will establish a commonality among the different postings or publications offered in order to ensure that all offerors are evaluated on an equal basis.

(b) The offeror's margin (plus or minus) will be established as the difference between the FPR price and the Final Revised reference price. The margin will then be added to the 12-month average of the posting or publication being proposed to determine the evaluated price. The 12-month average will be calculated over the most recent complete 12-month period prior to the established reference date (i.e., if reference date is August 22, 1994, then the 12-month period would be August 1993 - July 1994).

(DESC 52.216-9F60)

M55 CONVERSION FACTORS (DESC APR 1998)

(a) This provision applies to all products except lubricating oils.

(b) The offeror should use conversion factors that reflect its product characteristics and submit prices and transportation rates in the requested units. In the event prices or transportation

rates are not submitted in the requested units, the following conversion factors based on an assumed density for the product will be used by DESC in the evaluation of the offer.

M72 EVALUATION OF OFFERS (EXCEPTIONS/DEVIATIONS) (DESC APR 1997)

(a) Offerors are expected to submit offers in full compliance with all terms and conditions of this solicitation.

(b) Any exceptions/deviations to the terms and conditions of this solicitation will result in the Government's determination that either--

(1) The exception/deviation is material enough to warrant rejection of the offer in part or in full; or

(2) The exception/deviation is acceptable.

(c) If the exception/deviation is in reference to a specification contained in this solicitation and the offeror cannot supply product fully meeting the required specification(s), the product can be offered for consideration provided the offeror clearly indicates, by attachment to the offer, the extent to which any product offered differs from the required specification(s).

(d) If the exception/deviation is in reference to a particular test, inspection, or testing method contained in this solicitation, the offer can be considered provided the offeror clearly indicates, by attachment to the offer, the extent to which its offer differs from those requirements.

(e) If the exception/deviation is determined acceptable, offered prices may be adjusted, for evaluation purposes only, by the Government's best estimate of the quantitative impact of the advantage or disadvantage to the Government that might result from making an award under those circumstances.

(DESC 52.209-9F45)

M72.03-1 EVALUATION FACTORS FOR BEST OVERALL VALUE (OVERSEAS) (DESC JAN 2001)

(a) **BASIS OF AWARD.**

(1) The Government will award contracts to the responsible offeror(s) whose offer conforms to the solicitation and that represent the best overall value. The Government will determine best overall value on the basis of an integrated assessment of the following evaluation factors:

(i) Past performance; and

(ii) Price.

Offerors are advised that the Government is more interested in obtaining quality performance than lowest price. However, the Government will not pay a price premium that it considers disproportionate to the benefits associated with the offeror's record of past performance.

(2) In determining best overall value, the Government will evaluate and rate each offeror's past performance based on pre-established standards. The offer(s) selected as best value will represent the best tradeoff to the Government between past performance and price.

(b) **ACCEPTABILITY OF OFFERS.** An offer will be considered acceptable if, and only if, an offeror agrees to the terms and conditions in the solicitation, or if the Government has accepted any exceptions submitted with the offer.

(c) **EVALUATION OF PAST PERFORMANCE.**

(1) The Government will evaluate, based on preestablished standards, the quality the offeror's past performance. This may include any aspect of past performance that is related to this solicitation. The assessment of the offeror's past performance will be used as a means of evaluating the offeror's ability to meet the solicitation requirements. A record of poor performance may be considered an indication that the offeror has failed to conform to contract requirements and/or to standards of good workmanship, adhere to contract schedules, including the administrative aspects of performance; provide reasonable and cooperative behavior and commitment to customer satisfaction; and/or display a business-like concern for the interests of the customer. Offerors shall be afforded an opportunity to address unfavorable reports of past performance, and the offeror's response, or lack thereof, will be taken into consideration. Recent contracts may be examined to ensure that corrective action measures have been put in place to prevent the recurrence of past performance problems. Prompt actions taken to correct performance problems may be considered a reflection of management concern for customer satisfaction; however, such action may not mitigate all negative performance trends. Additionally, a record of satisfactory or exceptional past performance will not result in a favorable assessment of an otherwise unacceptable proposal. Offerors lacking relevant past performance history or for which past performance information is not available will not be evaluated favorably or unfavorably on past performance.

(2) The Government reserves the right to consider any information available to it in evaluating an offeror's past performance. This includes, information obtained, from the offeror's references past and present customers, subcontractors, and any other sources that may have useful information. However, the Government reserves the right not to contact all of the references listed by the offeror. The Government also reserves the right to assess the offeror's past performance based solely on the offeror's performance under an existing DESC contract or a previous DESC contract for work similar to that required by the solicitation.

(3) The subfactors listed below are equal to one another in importance and will be used to evaluate past performance:

(i) **Quality of Product and Service.** Assessment of the offeror's ability to conform to contract requirements, specifications, and standards of good workmanship.

(ii) **Schedule.** Assessment of the offeror's ability to meet delivery schedules, to respond to administrative issues in a timely manner, and to complete a contract.

(iii) **Business Relations.** Assessment of the offeror's commitment to maintaining an acceptable level of performance, customer satisfaction, and meeting small business, veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned business participation goals, as applicable. This includes the offeror's history of reasonable and cooperative behavior, participation in problem identification, and corrective action measures.

(d) **BEST VALUE DETERMINATION.** After the past performance ratings are determined, a series of paired comparisons will be made between competing offerors for each line item. In making these paired comparisons, the Government will determine the difference in past performance and price. If, in any paired comparison, one offeror is superior in past performance and offers the lowest price, then the Government will consider that offeror to represent the better value. But, if the offeror with the superior past performance offers a higher price than the competing offeror, the Government will decide whether the superior performance merits the higher price. If so, then the Government will consider the offeror with superior past performance at a higher price to represent the best value. Otherwise, the Government will consider the competing offeror with the lower price and lower past performance rating to represent a better value. The Government will continue to make paired comparisons in this manner until it has identified the offeror that represents the best value based on past performance and price. In the event of a tie among all factors and sub-factors between two or more offerors considered to represent the best value, the final award decision shall be made by a drawing by lot limited to those offerors. The drawing shall be witnessed by at least three persons, with the names and addresses of the witnesses and supervising official documented in the contract file.

(name of publication)

(3) **COMMERCIAL.** For price adjustments utilizing **commercial** publications such as Platt's Oilgram, etc., the reference price in effect on the date of delivery shall be that item's preselected reference price that is published as dated in the Table below. An increase or decrease in any reference price published in a trade price service or in a commercial journal shall apply only to deliveries made on or after the effective date of such trade price service or commercial journal.

(4) **NONCOMMERCIAL (NOTIFICATION).** For price adjustments utilizing a reference price indicator **other than commercial** publications such as Platt's Oilgram, the Contractor shall notify the **Contracting Officer, DESC-PEA** of any changes in the reference price in writing within 15 calendar days from the date thereof.

(i) **INCREASES.** Any increase in unit price as a result of an increase in reference price shall apply only to deliveries made on or after the date of receipt by the Contracting Officer of a written notification from the Contractor of such increase. However, the prices payable under this contract shall in no event exceed the Contractor's posted or established selling price in effect on the date of delivery for the product supplied in the form of delivery made at the point of delivery. Also, no notification incorporating an increase in a contract unit price shall be executed pursuant to this clause until the increase has been verified by the Contracting Officer.

(ii) **DECREASES.** If the Contractor fails to notify the Contracting Officer of any decrease in the reference price, within the allotted 15 day period, such decrease shall apply to all deliveries made on or after the effective date of such decrease. However, if any overpayment is made to the Contractor as a result of the Contractor's failure to give timely notice to the Contracting Officer of any decrease in the established price, the Contractor shall be charged interest on such overpayment from the date of the overpayment to the date of reimbursement by the Contractor for the overpayment in accordance with the Disputes paragraph of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of this contract.

(5) Where the reference price is an established price (see (c)(2)(iii) above), the Contractor warrants that the product selected is one for which, except for modification required by the specifications of this contract, the Contractor has an established price. Such price is the net price after applying any applicable standard trade discounts offered by the Contractor for his catalog, list, or schedule price. The Contractor further warrants that, as of the current date, any differences between the unit prices of the line items identified in the Schedule and the Contractor's established price for like quantities of the nearest commercial equivalents of such contract items are due to compliance with contract specifications and to compliance with any requirements that this contract may contain for preservation, packaging, and packing beyond standard commercial practice.

(d) **MODIFICATIONS.** Any resultant price changes shall be provided via notification through contract modifications and/or postings to the DESC web page under the heading **Doing Business with DESC.**

(e) **FAILURE TO DELIVER.** Notwithstanding any other provisions of this clause, no upward adjustment shall apply to product scheduled under the contract to be delivered before the effective date of the adjustment, unless the Contractor's failure to deliver according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of the Excusable Delays and Termination for Cause paragraphs of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of the this contract, or is the result of an allocation made in accordance with the terms of the ALLOCATION clause of this contract, in which case the contract shall be amended to make an equitable extension of the delivery schedule.

(f) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT.** The Contractor agrees that the total increase in any contract unit price pursuant to these economic price adjustment provisions shall not exceed 60 percent of the award price during the first program year or of the unit price in effect as of the start of any subsequent program year (if this is a long-term or multiyear program), except as provided hereafter:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the reference price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill pending or future orders for such item, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing.

(g) **REVISION OF REFERENCE PRICE INDICATOR.** In the event-

(1) Any applicable reference price is discontinued or its method of derivation is altered substantially;

(2) The reference price is an average of published or posted prices, and any one price ceases to be published or posted;

(3) The reference price is published in a trade price service or commercial journal and such publication ceases to publish said reference price or changes its method of quoting prices; or

(4) The Contracting Officer determines that the reference price consistently and substantially failed to reflect market conditions—
the parties shall mutually agree upon an appropriate and comparable substitute for determining the price adjustment described hereunder. The contract shall be modified to reflect such substitute effective on the date the indicator was discontinued, altered, or began to consistently and substantially fail to reflect market conditions. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with the Disputes paragraph of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of this contract.

(h) **CONVERSION FACTORS.** If this clause requires quantity conversion for economic price adjustment purposes, the conversion factors for applicable products, as specified in the CONVERSION FACTORS clause, apply unless otherwise specified in the Schedule.

(i) **EXAMINATION OF RECORDS.** The Contractor agrees that the Contracting Officer or designated representatives shall have the right to examine the Contractor's books, records, documents, or other data the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause.

(j) **FINAL INVOICE.** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.

(k) **TABLE.**

The above escalator is based on Platt's Oilgram European Monthly Average and is to be calculated using the average of the price listed under the appropriate heading of the European Monthly Average as published. The prices will be effective on the first of each month. The price used will be derived from the previous month's listing (an example is the price effective for October 2004 would come from the European Monthly Average Price for September 2004).

E5 INSPECTION OF SUPPLIES - FIXED-PRICE (AUG 1996)

- (a) **DEFINITION.** **Supplies** as used in this clause, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.
- (b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering supplies under this contract and shall tender to the Government, for acceptance, only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the Government during contract performance and for as long afterwards as the contract requires. The Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and

evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under the contract.

(c) The Government has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The Government shall perform inspections and tests in a manner that will not unduly delay the work. The Government assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in this contract.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except, as otherwise provided in the contract the Government shall bear the expense of Government inspections or tests made at other than the Contractor's or subcontractor's premises; PROVIDED, that in case of rejection, the Government shall not be liable for any reduction in the value of inspection or test samples.

(e)(1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the additional cost of inspection or test.

(2) The Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes re-inspection or retest necessary.

(f) The Government has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. The Government may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, the Government may either (1) by contract or otherwise, remove, replace, or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i)(1) If this contract provides for the performance of Government quality assurance at source, and if requested by the Government, the Contractor shall furnish advance notification of the time (i) when Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract and (ii) when the supplies will be ready for Government inspection.

(2) The Government's request shall specify the period and method of the advance notification and the Government representative to whom it shall be furnished. Requests shall not require more than 2 workdays of advance notification if the Government representative is in residence in the Contractor's plant, nor more than 7 workdays in other instances.

(j) The Government shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. Government failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability on the Government, for nonconforming supplies.

(k) Inspections and tests by the Government do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a

reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; PROVIDED, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the Government thereby.

(FAR 52.246-2)

E12 POINT OF ACCEPTANCE (DESC MAY 1969)

On f.o.b. origin deliveries, acceptance of the supplies furnished hereunder will take place at origin, notwithstanding that inspection by the Government may take place elsewhere prior to acceptance. On f.o.b. destination deliveries, acceptance of the supplies furnished hereunder will take place at destination, notwithstanding that inspection by the Government may take place elsewhere prior to acceptance.

(DESC 52.246-9FQ1)

E21.01 SUPPLEMENTAL INSPECTION (OVERSEAS) (DESC JUL 1999)

(a) Inspection responsibility is assigned to the cognizant office specified in the LIST OF INSPECTION OFFICES FOR OVERSEAS PETROLEUM PRODUCT CONTRACTS or the QUALITY REPRESENTATIVE clause of this contract, whichever is applicable.

(b) On items calling for f.o.b. origin delivery, inspection and acceptance will be performed at the point of delivery.

(c) On items calling for f.o.b. destination delivery, preliminary inspection for quality will be performed at the product source, with final inspection and acceptance at destination except that--

(1) On all bulk fuels, other than aviation, that are delivered via TT/TW to U.S. Government installations for their use and consumption, Government inspection for identity and quantity will be performed by the receiving activity at point of acceptance.

(2) If there is evidence that product deliveries are not in conformance with the contract, assistance, if required, should be solicited from the cognizant inspection office.

(3) The Government reserves the right to perform quality inspection at all times and places if warranted.

(d) On items calling for delivery of drummed or packaged products, either f.o.b. origin or f.o.b. destination, inspection for product quality will be performed at the point of manufacture or blending. If the point of blending is different from the point of manufacture of component stocks, preliminary inspection of component stocks may be performed at their point of manufacture. Quality verification and inspection for proper filling and packaging will be performed at the point of filling. Final inspection and acceptance will be at the point of delivery.

(e) Whenever the item calls for delivery into or by tanker, either f.o.b. origin or f.o.b. destination, the Contractor shall keep the Inspector informed of the loading date and source of supply and any changes thereto as far in advance of the loading date as is possible to permit necessary inspection by the Government.

(f) When the item calls for delivery f.o.b. origin into Government-furnished tanker and the Contractor has the option to designate the loading point(s), the Contractor shall notify the Inspector and the Ordering Officer of the designated loading point(s) at least 14 days in advance of the scheduled delivery date. When the item calls for f.o.b. destination delivery and the Contractor has the option to designate the loading point(s), the Contractor shall notify the Inspector and the Ordering Officer of the designated loading point(s) as far in advance of the loading date as is possible.

E35 NONCONFORMING SUPPLIES AND SERVICES (DESC JAN 2004)

(a) The Government may, at its discretion, accept nonconforming supplies or services. In such cases, the Contractor must obtain a deviation or waiver from the Contracting Officer prior to acceptance.

(b) The following procedures shall be used to request a deviation or waiver to the applicable nonconformance(s). A deviation is a request by a Contractor to deviate from the contract requirements after contract award, but prior to initial production of each product (for the duration of the contract). A waiver is a request by a Contractor to deviate from the contract requirements after initial production of each product (on a case-by-case basis or for a set period).

(1) Requests for deviations and waivers shall be submitted by the Contractor to the Contracting Officer with a copy to the Quality Representative (QR). Each request shall provide the following information: Contractor name; contract number; contract line item and product, if applicable; clause number, paragraph and subparagraph, as appropriate; the nature of the request; the reason for the request; the corrective action being taken by the Contractor to correct and prevent recurrence of the condition(s) causing the nonconformance; and equitable price adjustment offered over the administrative fee. In extraordinary situations, the Contractor may initially submit the request for a waiver, not a deviation, through the cognizant QR to the Contracting Officer or the Contracting Officer's Representative (COR) in the Quality Operations Division (DESC-BQ) of the Defense Energy Support Center (DESC). Extraordinary situation requests shall be submitted formally to the Contracting Officer prior to close of business of the next normal DESC workday (0800 to 1630 hours EST, Monday through Friday, Federal Holidays excluded). As used in this clause, the term extraordinary situation means the matter cannot await resolution until the next normal DESC workday. In addition, if either the Contracting Officer or the COR cannot be reached, the Duty Officer shall be contacted and provided the necessary information to forward to the proper individuals as soon as possible. The Duty Officer's telephone number is (800) 286-7633 or (703) 767-8420; (DSN) 427-8420.

(2) If a deviation or waiver is granted, the contract will be modified to provide an equitable price reduction or other adequate consideration commensurate with the deviation or waiver being granted. If the situation dictates, a deviation or waiver may be granted without prior agreement on price adjustment or other consideration subject to agreement by the Contractor, or its representative, to subsequent negotiation. Such agreement shall be documented on the receiving document or other appropriate correspondence. After negotiations, failure to agree on adequate consideration shall be a dispute concerning a question of fact within the meaning of the Disputes paragraph of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of this contract.

(3) If a deviation or waiver is granted and the nonconforming supplies are accepted, then in no event will consideration be less than \$250 to cover administrative costs, plus any additional cost of Government re-inspection or retest, if necessary.

(4) If a deviation or waiver is granted modifying this contract but the supplies accepted are subsequently determined to be in conformity with contract specifications, the Contractor shall still be obligated to pay the consideration originally agreed upon in support of the deviation or waiver. If, however, this consideration exceeds \$500, a second contract modification shall be issued reducing the Contractor's obligation to \$500 (the administrative cost of issuing the two required modifications).

(c) When notification of nonconforming supplies is received after the supplies have been accepted, and the Government determines not to exercise its right to reject or to require correction under the INSPECTION OF SUPPLIES - FIXED-PRICE, INSPECTION AND ACCEPTANCE OF SUPPLIES (SHIPS' BUNKERS), or CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause, then in no event will consideration be less than \$250 to cover administrative costs. This \$250 fee is in addition to-

- (1) Consideration commensurate with the extent of nonconforming supplies; and
- (2) Cost of Government re-inspection or retest, if necessary.

The administrative fee will apply to each claim letter issued for off-specification product delivered to an activity.

(d) Contractors shall be held responsible for payment of any fines or penalties imposed on a receiving activity by an environmental enforcement agency, resulting from the delivery of nonconforming supplies under a DESC contract.

(e) Repeated tender of nonconforming supplies or services, including those with only minor defects, will be discouraged by appropriate actions, including, but not limited to rejecting the supplies or services whenever feasible and documenting the Contractor's performance records.

(DESC 52.246-9F35)

F1.09-2 DETERMINATION OF QUANTITY (PC&S) (DESC MAY 2000)

(a) **QUANTITY.** The quantity of supplies furnished under this contract shall be determined as follows:

(1) **DELIVERIES INTO OR BY TANKER/BARGE.**

(i) **F.O.B. ORIGIN.**

(A) On items requiring delivery at the Contractor's refinery, terminal, or bulk plant on an f.o.b. origin basis, the invoice quantity shall be determined (at the Contractor's option) on the basis of--

- (a) Shore tank measurements; or
- (b) Calibrated meter.

(B) The Government will have the right to have a representative present to witness the measurement of quantity.

(ii) **F.O.B. DESTINATION.**

(A) On items requiring delivery on an f.o.b. destination basis, the invoice quantity shall be determined on the basis of--

- (a) Calibrated meter if the delivery conveyance is so equipped; otherwise--
- (b) Gauging the receiving shore tank; or
- (c) Gauging the tanker/barge before and after delivery.

(B) The Contractor has the right to have a representative present to witness the delivery and measurement of quantity.

(2) **DELIVERIES INTO OR BY TANK TRUCK/TRUCK AND TRAILER/TANK WAGON.**

(i) **F.O.B. ORIGIN.**

(A) On items requiring delivery at the Contractor's refinery, terminal, or bulk plant on an f.o.b. origin basis, the invoice quantity shall be determined (at the Contractor's option) on the basis of--

- (a) Certified capacity tables of the conveyance loaded;
- (b) Calibrated meter; or
- (c) Weight, using calibrated scales.

(B) The Government has the right to have a representative present to witness the measurement of quantity.

(ii) **F.O.B. DESTINATION.** On items requiring delivery on an f.o.b. destination basis, the invoice quantity shall be determined as follows:

(A) If the narrative requires a tank truck with meter, a truck and trailer with meter, or tank wagon (which is always equipped with a meter), that meter shall be used to determine invoice quantity at time of delivery. The quantity shall be read directly from the meter; otherwise--

(B) The Government may elect to determine invoice quantity at the receiving activity at the time of delivery on the basis of--

- (a) Weight, using calibrated scales; or
- (b) A calibrated meter on the receiving tank system.

(C) If the Government does not require method (a)(2)(ii)(A) above and does not elect to use method (a)(2)(ii)(B) above, the Contractor may then elect to provide equipment that enables the Government and the Contractor to determine invoice quantity at destination at the time of delivery by one of the following methods:

(a) A calibrated meter on the delivery conveyance. The quantity shall be read directly from the meter; or

(b) Gauging the delivery conveyance. The certified capacity tables must be made available at the time of delivery. This method may not be used in areas where environmental restrictions prohibit the opening of dome hatches; or

(c) Certified tank calibration markers. Certified tank calibration markers will not be accepted unless the conveyance is full to the marker and the entire quantity is off-loaded at the receiving activity. This method may not be used for deliveries to Army activities or in areas where environmental restrictions prohibit the opening of dome hatches.

(d) Provide the receiving activity with the net quantity determined at the loading point by a calibrated loading rack meter or calibrated scales. This quantity must be mechanically imprinted on the loading rack meter ticket that is generated by the loading rack meter or scales.

(D) The Contractor has the right to have a representative present to witness the delivery and measurement of quantity.

(iii) **WATER BOTTOMS.**

(A) Every delivery must be free of all water bottoms prior to discharge; and

(B) The Contractor is responsible for their removal and disposal.

(b) **VOLUME CORRECTION TO STANDARD TEMPERATURE.** To convert gross measured quantities to net quantities of gallons at 60°F (or liters at 15°C), use Volume Correction Factors and the API gravity (or density at 15°F) (see (c)(1) below). Volume correction to a standard temperature of 60°F (or liters at 15°C) is required for--

(1) All product volumes measured in storage (receiving) tanks, tankers, and barges;

(2) All product volumes measured by meters on the (receiving) tank system;

(3) All product volumes determined by weight using a calibrated scale;

(4) All product volumes determined by loading rack meter;

(5) All product volumes of residual fuels measured in tank trucks or truck and trailers. For this purpose, residual fuels are any products with a viscosity equal to or greater than a regular (not light) No. 4 Fuel Oil (ASTM D 396); and

(6) All other product volumes measured in tank trucks or truck and trailers that are in excess of 5,000 gallons except for deliveries where the meter on the delivery conveyance is used to determine quantity. If the meter on the delivery conveyance is used to determine invoice quantity, volume correction shall not be performed unless the meter is equipped to volume correct automatically. The invoice quantity shall be determined directly from the meter reading.

(c) **MEASUREMENT STANDARDS.** All measurements and calibrations made to determine quantity shall be in accordance with the most recent edition of the API Manual of Petroleum Measurement Standards (MPMS). Outside the United States, other technically equivalent national or international standards may be used. **Certified capacity tables** shall mean capacity tables prepared by an independent inspector or any independent surveyor. In addition, the following specific standards will be used as applicable:

(1) **API MPMS Chapter 11.1, Volume Correction Factors** (API 2540/ASTM D 1250/IP 200/ISO 91-1). Either the printed version or the computer subroutine versions of the standard may be used. In case of disputes, the computer subroutine will be the referee method.

(i) For all fuels and fuel oils, Volume II, Tables 5B and 6B (or Volume VIII, Tables 53B and 54B), shall be used to determine the volume correction factor.

(ii) Volume XII, Table 52, shall be used to convert cubic meters at 15°C to barrels at 60°F, except when this method is restricted by foreign law. Convert liters at 15°C to cubic meters at 15°C by dividing by 1,000. Convert gallons at 60°F to barrels at 60°F by dividing by 42. Should foreign law restrict conversion by this method, the method required by law shall be stated in the offer.

(iii) If the original measurement is by weight and quantity is required by U.S. gallons, then--

(A) Volume XII, Table 58, shall be used to convert metric tons to U.S. gallons at 60°F. Convert kilograms to metric tons by dividing by 1,000.

(B) Volume XI, Table 8, shall be used to convert pounds to U.S. gallons at 60°F.

(2) **API MPMS Chapter 4, Proving Systems.** All meters used in determining product volume shall be calibrated using this standard with the frequency required by local regulation (foreign or domestic). If no local regulation exists, then the frequency of calibration shall be that recommended by the meter manufacturer or every 6 months, whichever is more frequent.

(DESC 52.211-9FA5)

F4 DELIVERY AND ORDERING PERIODS (DESC JUN 2002)

(a) The period of this contract during which the Ordering Officer may order and the Contractor shall deliver, if ordered, will be as follows unless the Schedule specifies otherwise:

(1) Ordering period begins: Date of Award and ends: February 28, 2010.

(2) Delivery period begins: March 1, 2005 and ends: 30 days after end of ordering period.

(b) Notwithstanding the foregoing, deliveries prior to the delivery period, made at the option of the Contractor and pursuant to an order by the Government, shall be deemed to have been made under this contract at the applicable contract price(s).

G9.09-1 PAYMENT BY ELECTRONIC FUNDS TRANSFER - OTHER THAN CENTRAL CONTRACTOR REGISTRATION (MAY 1999)

(a) **METHOD OF PAYMENT.**

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term EFT refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT (but see paragraph (d) of this clause).

(b) **MANDATORY SUBMISSION OF CONTRACTOR'S EFT INFORMATION.**

(1) The Contractor is required to provide the Government with the information required to make contract payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information no later than 5 days after award. If not otherwise designated in the contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event, that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated payment office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

(c) **MECHANISMS FOR EFT PAYMENT.** The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fed-wire Transfer System. The rules governing Federal Payments through the ACH are contained in 31 CFR Part 210.

(d) **SUSPENSION OF PAYMENT.**

(1) The Government is not required to make any payment until after receipt, by the designated office, of the correct EFT information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of any delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than the 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the changed EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the

Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) **LIABILITY FOR UNCOMPLETED OR ERRONEOUS TRANSFERS.**

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--

- (i) Making a correct payment;
- (ii) Paying any prompt payment penalty due; and
- (iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously direct funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provision of paragraph (d) shall apply.

(f) **EFT AND PROMPT PAYMENT.** A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) **EFT AND ASSIGNMENT OF CLAIMS.** If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) **LIABILITY FOR CHANGE OF EFT INFORMATION BY FINANCIAL AGENT.** The Government is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

(i) **PAYMENT INFORMATION.** The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.

(j) **EFT INFORMATION.** The Contractor shall provide the following information to the designated office. The Contractor may supply this data for multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

(1) The contract number (or other procurement identification number).

(2) The Contractor's name and remittance address, as stated in the contract(s).

(3) The signature (manual or electric, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent, contract, and account number at the Contractor's financial agent.

(5) The Contractor's account number and the type of account (checking, savings, or lockbox).

(6) If applicable, the Fed-wire Transfer System telegraphic abbreviation of the Contractor's financial agent.

(7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the Contractor's financial agent is not directly on-line to the Fed-wire Transfer System and, therefore, not the receiver of the wire transfer payment.

(FAR 52.232-34)

G9.11 DESIGNATION OF OFFICE FOR GOVERNMENT RECEIPT OF ELECTRONIC FUNDS TRANSFER INFORMATION (MAY 1999)

(b) The Contractor shall send all EFT information and any changes to EFT information to the office designated in paragraph (c) of this clause. G18 ACCOUNTING AND APPROPRIATION (DESC FEB 1968)

The account for which material is ordered will determine the appropriation or fund to be charged with the cost of the material in each case. The appropriation or fund as applicable in each case will be conspicuously shown on each order issued hereunder. (DESC 52.232-9F50)

G150.03-1 PAPERLESS ORDERING AND RECEIPT TRANSACTION SCREENS (PORTS) INTERNET APPLICATION (DESC DEC 2001)

APPLICABLE TO DoD ACTIVITIES ONLY.

(a) **CONTRACTOR PASSWORD.** The Contractor will furnish an email distribution list to the DESC Contracting Officer providing name(s), email address(es), phone and facsimile number(s) for all those individuals that may need to receive email notification of orders. The DESC Contracting Officer will furnish the Contractor with a password. Supplementing the "user name" (bidder code), the Contractor shall use this password to access contract-specific web pages and the Paperless Ordering and Receipt Transaction Screens (PORTS) Internet application. This includes access to electronically signed written orders (SF 1449), as described in (b) below. The Contractor shall also use the password to access PORTS for transmitting receipt documents to the Activity and for transmitting invoices to the payment office, as identified in (d) below.

(b) **PREPARATION AND TRANSMISSION OF ORDERS AND CALLS AGAINST ORDERS.**

(1) The Government may issue an order for a specific delivery or a series of deliveries (e.g., several deliveries during a week). The Government may also elect to issue an order covering a

longer period (including monthly orders) and make periodic calls against these orders designating specific delivery dates, times, and quantities.

(2) Orders, and calls against orders, may be issued orally or in writing. An oral delivery order for fuel shall be considered issued by the Government when it is verbally assigned a delivery order number. For all orders, the appropriate ordering office/officer will provide the Contractor, via the PORTS Internet application, with an electronically signed written order, SF 1449, within 24 hours or one business day after issuing the oral order. (Once the Ordering Officer has completed the web page order, an email will be sent to the Contractor to provide notice that the order is available on the contract-specific web page. The order will also be submitted to the payment office.) An oral order shall provide the required advance notice to the Contractor and the following information: Order number; contract number; item number; quantity; delivery location; any applicable taxes, which should be billed as a separate item on the invoice; and the required delivery date. Regardless of the unit price cited on the written order, the office designated to make payments on the written order will pay the applicable unit price in effect under the ECONOMIC PRICE ADJUSTMENT (PC&S) clause.

(3) Calls against previously issued orders must be confirmed in writing within 24 hours or one business day via email message. The email confirmation will reference the previously issued order number and item number and designate specific delivery location, dates, and quantity to be delivered against that order.

(4) The Contractor's non-receipt of a written or electronic confirmation of an oral order or oral call against a written or electronic order does not itself relieve the Contractor from its obligation to perform in accordance with the oral order or oral call against a written or electronic order. The Contractor should contact the DESC Contracting Officer if problems are experienced with receipt of the electronic or written confirmation.

(c) **COMMERCIAL RECEIPTS.**

(1) The Contractor shall provide a commercial receipt (bill of lading, metered ticket, or delivery ticket) upon completing delivery. The Government representative may date and sign the commercial receipt and will be provided with a legible copy. The following information shall be stated on the commercial receipt:

- (i) Item number;
- (ii) Order number;
- (iii) Type of fuel delivered;
- (iv) Date of the delivery into the Government's tank(s);
- (v) Delivered quantity and, if volume correction is required in accordance with the DETERMINATION OF QUANTITY (PC&S) clause, the fuel temperature and API gravity. If temperature compensating meters are used, only the API gravity and delivered quantity are recorded;
- (vi) Tank identifier determined by the base; and
- (vii) Any other required information specified in the narrative of the Schedule for the item.

(2) The Contractor will maintain all signed receipts as evidence of delivery and will provide them to the Government upon request, as dictated by the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause. The records will be annotated with "NONTAXABLE USE ONLY. PENALTY FOR TAXABLE USE" where applicable.

(d) **PREPARATION AND TRANSMISSION OF THE MATERIAL INSPECTION AND RECEIVING REPORT (DD FORM 250)/INVOICE.** At the time of each delivery of supplies or services under this contract, the Contractor shall prepare and furnish to the Government a Material Inspection and Receiving Report in the manner and to the extent required by Appendix F of the Defense FAR Supplement, Material Inspection and Receiving Report, except as noted in this clause. The Contractor, or its designee, shall key the following information from the commercial receipt(s) into the contract-specific web pages for generation of the continuation page and the first page of the DD Form 250 document upon accessing the web screens per the instructions to be provided on the DESC homepage.

(1) On the first page of the web screen for creating a new DD Form 250, the Contractor will select the appropriate line item and order/amendment number from a pull-down list (which already depicts the associated contract number, requisition number, and mode of delivery). The Contractor must insert the shipment date reflecting the date fuel was actually delivered. On the next screen, the Contractor will enter a unique invoice number, confirm the escalated unit price (which may also be corrected if applicable) and any discount terms offered other than net 30 days, and select the

appropriate method of quantity determination (either loading rack method or non-loading rack method). The loading rack method is selected if the quantity delivered is determined based on loading rack meter tickets from the terminal; the non-loading rack method is selected if quantity determination is based on any other method as specified in the DETERMINATION OF QUANTITY (PC&S) clause.

(2) On the next screen, the Contractor will enter sequentially the following information from each commercial ticket, which will be depicted in three columns on the DD Form 250 continuation page:

- (i) The commercial ticket number;
- (ii) The quantity indicated on the commercial receipt, (system will round quantity up or down), determined in accordance with the DETERMINATION OF QUANTITY clause; and
- (iii) The tank identifier determined by the Activity (such as a building number). This tank identifier is required only for auto-fill items.

The total volume delivered to the Activity as input by the Contractor will automatically be entered into Block 17 of the DD Form 250 as a whole number; the required sequential shipment number under the order will automatically be entered into Block 2. If there is disagreement between the Contractor and the Government as to the quantity delivered, the DESC Contracting Officer will be promptly notified. (See the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.)

(3) Upon completion of the DD Form 250/invoice web screen document, the Contractor or designee will key the submission for processing, which automatically triggers two actions:

- (i) An email message to the Activity. The email message will request approval of the DD Form 250 and inform the Activity to access the web page to accomplish this by electronic signature or it will specify order number, shipment date and number, item, quantity shipped and all delivery tickets that apply.

- (ii) An electronic submission to the payment office and Contractor notification of that invoice submission. The invoice transaction must be received no later than 5:30 p.m. to be considered received that day. Invoices received after 5:30 p.m. shall be considered received the next United States Government business day.

(4) **AIR FORCE ONLY:** The Government's Authorized Representative will either-

- (i) Verify the invoiced amount and return an email message confirming the quantity invoiced. The Contractor will receive an email message from the activity that the invoiced amount has been confirmed; OR

- (ii) Dispute the quantity being invoiced. Advise the Contractor by email of the reason (such as shipment date or quantity error). In this case, the Contractor will then submit a revised DD Form 250/invoice to the Activity (and to the payment office) via PORTS; the Contractor need only key in the data field(s) requiring correction and resubmit for processing. The DD Form 250 must be resubmitted within 24 hours or one business day of the Activity's notification. If the Contractor disagrees with the Activity's notification of disagreement, the Contractor may contact the DESC Contracting Officer. (See the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.

- (iii) If any errors are discovered on the Contractor's DD Form 250 after submission to the Activity, but before either confirmation or notification of disagreement, the Contractor will promptly correct by clicking on the **"Correct Submitted DD Form 250/invoice"** key and entering corrections of any prior errors. When submitted to the Activity for verification/confirmation, the DD Form 250/invoice document is automatically labeled with the words **"CORRECTED COPY."** As in (d)(4)(i) and (ii) above, the Contractor is notified with automatic posting of the electronic transmission to the payment office.

(5) **OTHER DoD ONLY:** The Government's Authorized Representative will either-

- (i) Approve or accept the DD Form 250 document by electronic signature and submit the document via the PORTS Internet application to the payment office. The Contractor will receive an email message via the Internet application that the document has been approved and submitted to the payment office; OR

- (ii) Reject the DD Form 250 document, advising the Contractor by email of the reason for rejection (such as shipment date or quantity error). In this case, the Contractor will then submit a revised DD Form 250/invoice to the Activity (and to the payment office) via PORTS; the Contractor need only key in the data field(s) requiring correction. If the Contractor fails to submit a revised DD Form 250 within 24 hours or one business day of the Activity's rejection notification based on

discrepancy in quantity or shipment date, in order to avoid potential delays in payment the Activity may proceed to change either the quantity or shipment date to that which the Activity had asserted. These changes will be forwarded to both the payment office and the Contractor. If the Contractor still disagrees with the Activity's change(s), the Contractor may contact the DESC Contracting Officer. (See the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.)

(iii) If any errors are discovered on the Contractor's DD Form 250 after submission to the Activity, but before either approval or rejection, the Contractor will promptly advise the Activity by either telephone or email in order that the document can be rejected with an accurate notation and then revised (see (d)(5)(ii) above) as soon as possible.

(iv) Upon signature of approval/acceptance on the DD Form 250 by the Government representative, any corrections to the document must be performed via the web page. The Contractor will click on the "Correct Submitted DD Form 250/Invoice" key and enter corrections of any prior errors. When submitted to the Activity for approval, the DD Form 250/invoice document is automatically labeled with the words "**CORRECTED COPY.**" As in (d)(5)(i) and (ii) above, the Contractor is notified, with automatic posting of the electronic transmission to the payment office.

(6) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment.

(7) The Government will not be liable to the Contractor for any incidental or consequential damages resulting from any delay, omission, or error in the transmission or receipt of invoices under the Internet application.

(8) Electronic data transmitted by the Internet application will be admissible as evidence on the same basis as customary paper documents. The parties will be legally bound by the electronic documents.

(e) **REQUIRED USE OF PORTS INTERNET APPLICATION.**

(1) Use of PORTS, as described above, is required except in the cases indicated in (g) below and as identified exceptions to electronic invoicing under the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) - ADDENDUM clause.

(2) In the event there is an interruption of PORTS service, fax/paper invoices may be submitted to DFAS Columbus only after the Contractor has contacted the DESC Contracting Officer and is given authorization to do so. A four-digit confirmation code will be provided by the DESC Contracting Officer and must be inserted (handwritten or typed) on each fax/paper invoice. DFAS Columbus will return any fax/paper invoice that does not contain the four-digit confirmation code. Fax/paper invoices must contain information required for a proper invoice per instructions contained in the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause. Once the difficulties with PORTS, has been resolved, the Contractor must revert to using PORTS to invoice.

(f) **PAYMENT.**

(1) Payment shall be made in accordance with the terms as stated in the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause. Notwithstanding any permissible variation percentage between the ordered and delivered quantity, payment is authorized for a percentage not to exceed 120 percent of the ordered quantity.

(2) Payment terms for an invoice received via electronic PORTS submission by the payment office will be net 30 days from date of receipt of a proper invoice. See (d)(3) above. Payment terms for invoices other than by the electronic PORTS transmission will also be net 30 days from receipt of a proper invoice unless a discount is offered and accepted by the payment office.

(g) **INVOICING DETENTION AND DEMURRAGE COSTS.** Detention costs, allowable only on tank truck deliveries (not applicable to multiple drop tank truck or any tank wagon deliveries), and demurrage costs for barge/tanker deliveries will be the sole responsibility of the Activity incurring them. The Contractor will submit invoices for detention or demurrage costs directly to the Activity receiving the product. These provisions are applicable to DLA-owned/capitalized as well as non-DLA-owned/non-capitalized products. If the receiving activity is an Army activity, a copy of the detention/demurrage cost invoice must also be furnished to the following address:

(a) For purposes of this clause and the contract, "shipment number" for PC&S deliveries is defined as a seven position alpha-numeric number.

(1) All invoices processed electronically using the PAPERLESS ORDERING RECEIPTS TRANSACTION SCREENS (PORTS) for PC&S deliveries will contain a Julian date shipment number. A Julian date is defined as **Position one (1) is the year and the last three (3) digits are the day of the year (i.e., 1159 represents June 8, 2001).** The electronic system will automatically generate the Julian date shipment number based on the date shipped inserted by the Contractor.

(i) The date shipped for all f.o.b. destination contract line items must be the date fuel was actually received by the activity. The date should never be the date the Contractor loaded its delivery conveyance unless the activity receives the product on the same day.

(ii) *For f.o.b. origin items, the Julian date shipment number will be the date the activity picked up product from the Contractor's f.o.b. origin point/terminal.*

(2) *All invoices processed manually must contain a Julian date shipment number based on the provisions stated in subparagraphs (i) and (ii) above.*

(b) The first three positions of the Julian date shipment number shall always consist of the alpha characters "PCS". The remaining four positions shall consist of the Julian date based on the provisions stated in subparagraphs (i) and (ii) above.

(c) The Contractor must identify the shipment number on each invoice submitted for payment. The **SAME** shipment number shall be used for multiple deliveries under the same contract line item on the same calendar day. The Contractor shall convey the appropriate shipment number to the receiving activity.

Tax and taxes include fees and charges for doing business that are levied by the government of the country concerned or by its political subdivisions.

All applicable taxes and duties means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract, pursuant to written ruling or regulation in effect on the contract date.

After-imposed tax means any new or increased tax or duty, or tax that was exempted or excluded on the contract date but whose exemption was later revoked or reduced during the contract period, other than excepted tax, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

After-relieved tax means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the contract date.

Excepted tax means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include gross income taxes levied on or measured by sales or receipts from sales, property taxes assessed on completed supplies covered by this contract, or any tax assessed on the Contractor's possession of, interest in, or use of property, title to which is in the U.S. Government.

(d) The contract price shall be increased by the amount of any after-imposed tax or of any tax or duty specifically excluded from the contract price by a provision of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(e) The contract price shall be decreased by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States shall be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government of the United States for such taxes. The Government of the United States shall be entitled to repayment of any penalty refunded to the contractor to the extent that the penalty was paid by the Government.

(f) The contract price shall be decreased by the amount of any tax or duty, other than an excepted tax, that was included in the contract and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(g) No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.

(h) If the Contractor obtains a reduction in tax liability under the United States Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that either was included in the contract price or was the basis of an increase in the contract price, the amount of the reduction shall be paid or credited to the Government of the United States as the Contracting Officer directs.

(i) The Contractor shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including interest or penalty, from which the United States Government, the Contractor, any subcontractor, or the transactions or property covered by this contract are exempt under the laws of the country concerned or its political subdivisions or which the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

(j) The Contractor shall promptly notify the Contracting Officer of all matters relating to taxes or duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. The contract price shall be equitably adjusted to cover the costs of action taken by the Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. (b) Delivery or performance shall be made only as authorized by orders issued in accordance with the ORDERING clause. Subject to any limitations in the ORDER LIMITATIONS clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the ORDERING clause. I179 ALLOCATION (DESC JUL 1995)

(a) **REDUCED SUPPLIES.** If, for any cause beyond the control and without the fault or negligence of the Contractor, the total supply of crude oil and/or refined petroleum product is reduced below the level that would have otherwise been available to the Contractor, the Contractor allocates to its regular customers its remaining available supplies of crude oil or product, then the Contractor may also allocate to the U.S. Government supplies to be delivered under this contract, PROVIDED--

(1) Prompt notice of and evidence substantiating the necessity to allocate and describing the allocation rate for all the Contractor's customers are submitted to the Contracting Officer;

(2) Allocation among the Contractor's regular customers is made on a fair and reasonable basis (except where allocation on a different basis is required by a governmental authority, agency, or instrumentality); and

(1) The law, regulation, or order, furnishing copies of the same;

(2) The authority under which it is imposed; and

(3) The nature of the Government's waiver, exception, and enforcement procedure.-- The Contracting Officer will promptly review the matter and advise the Contractor whether or not the need to allocate has been substantiated. If the law, regulation, or order requiring the Contractor to reduce deliveries ceases to be effective, the Contractor shall resume deliveries in accordance with the original Schedule.

(d) If, as a result of reduced deliveries permitted by (a), (b), or (c) above, the Contracting Officer decides that continuation of this contract is no longer in the best interests of the Government, the Government may terminate this contract or any quantity there under, by written notice, at no cost to the Government. However, the Government shall not be relieved of its obligation to pay for supplies actually delivered to and accepted by it.

(e) Except as otherwise stated in (b) above, any volumes omitted pursuant to (a) or (b) above shall be deleted from this contract, and the Contractor shall have no continuing obligation, so far as this contract is concerned, to make up such omitted supplies.

(f) For Posts, Camps, and Stations contracts, Department of Energy priority orders and allocation regulations will take precedence over any conflicting provisions of this clause.

(g) For Bulk Fuels contracts, the provisions contained in (a) above shall be inoperative when the Secretary of Defense makes a written determination that it is essential to the National Defense that the Defense Energy Support Center be provided contract volumes exceeding the amount of product to which it would otherwise be entitled.
