SUBJECT: Quality Assurance Advisory (QAA) 2004-04, Air Force One (AF-1) Test Analyses Reports

The purpose of this advisory is to inform all quality personnel that in the future, upon witnessing sampling and testing of AF-1 fuel samples, a copy of the completed AF-1 test analyses will be forwarded to Det 3, WR-ALC/AFTH via by email or mail at the below addresses. This is in addition to the test certificate(s) provided to the AF1 advance team. Det 3, WR-ALC/AFTH, the service control point for the Air Force, has requested this information so they can maintain oversight of the quality of fuel being delivered to AF-1.
